# Seima REDD Pilot Project

(One of the activities supported by CAM-REDD in Cambodia)

- Cambodia's 2<sup>nd</sup> REDD pilot accepted by Forestry Administration (FA) (2008)
- The whole area is under the mandate of FA/MAFF since 1994
- Explicit Objective: The carbon emission reduction
- Project Crediting Period: 60 years (1<sup>st</sup> Jan 2010 to 31 Dec. 2069)

- **Since 2011, CAM-REDD (JICA) has provided financial and technical support to:**
  - **FPIC process by FA/WCS: Agreements between FA and all 20 communities targeted for REDD+:**
    - The state owns the carbon and FA can sell the credits
    - The benefit-sharing arrangement shall be set up.
  - **Management of over all Protected Forest:**
    - **Boundary demarcation** and **monitoring** etc.
  - **Validation of VCS-PD**

# Key messages

**Many challenges for the private sector to participate in REDD+ activities**

\* **Development of national strategies / action plans**

→ **JICA can do!**

\* **Capacity-building**

→ **JICA can do!**

\* **Demonstration activities**

→ **JICA can do!**

→ **JICA's readiness activities can facilitate the private sector to participate in REDD+**

**Thank you for your attention**
