# Part II Interpretations

## Table of Contents

<b>How to use Part II</b> .....	II-1
<b>1. Procedure of judging businesses and substances requiring notification</b> .....	II-3
1-1 Judgment of designated businesses .....	II-6
1-2 Judgment of full-time employees .....	II-8
1-3 Study of business establishment that must assess the annual quantity of specified substances handled, etc .....	II-10
1-4 Judgment of the annual quantity of specified substances handled.....	II-14
1-4-1 Check of annual quantity of specified substance manufactured.....	II-16
1-4-2 Check the shape of raw materials and materials used.....	II-20
1-4-3 Study the specified substances contained in raw materials or materials.....	II-26
1-4-4 Calculate the annual quantity of raw materials or materials used .....	II-28
1-4-5 Calculate the annual quantity of specified substance used.....	II-30
1-4-6 Calculate the annual quantity of the specified substance handled by establishment.....	II-32
1-5 Judge the specific requirement facilities .....	II-34
<b>2. Procedure of calculating the released/transferred quantity and making notifications</b> .....	II-41
2-1 Procedure of calculating the quantity released/transferred from those other than specific requirement facilities.....	II-41
2-1-1 Calculate the discharge as products .....	II-43
2-1-2 Calculate the quantity of the specified substance in waste .....	II-48
2-1-3 Calculate the maximum potential discharge to the environment .....	II-52
2-1-4 Calculate the land emission of the specified substance .....	II-54
2-1-5 Judge the medium, air or water, to which larger or smaller quantity is released .....	II-56
2-1-6 Calculate the quantity released to the medium to which the smaller quantity is released.....	II-58
2-1-7 Calculate the quantity released to the medium to which the larger quantity is released .....	II-75
2-1-8 Compilation of quantities released/transferred .....	II-80
2-2 Procedure of calculating the quantity released/transferred from specific requirement facilities .....	II-82
2-2-1 Calculate the air emission from specific requirement facilities .....	II-84
2-2-2 Calculate the release to water from specific requirement facilities .....	II-88
2-2-3 Calculate the quantity in waste released from specific requirement facilities.....	II-90

- 2-2-4 Sum-up the quantities released/transferred from specific requirement facilities..... II-92
- 2-3 Checking the result of calculation of the quantity of the subject substance released or transferred and notification ... II-94
