

# SESSION I: NAMAs, BURs AND MRV

## INTRODUCTION TO THE THEME OF THE SESSION

The Session will be divided into three parts:

1. Framing presentations
2. Country presentations
3. Presentations by Donors

### ■ General objectives of framing presentations:

- ✓ To provide a basis for discussion, by presenting background information and theoretical frameworks
- ✓ To introduce historical background of NAMAs, BURs and MRV, and the current status of international negotiations under the UNFCCC
- ✓ To introduce different types of MRV

## INTRODUCTION TO THE THEME OF THE SESSION (cont.)

### ■ General objectives of country presentations:

- ✓ To share the updates on preparation and implementation of NAMAs in an MRV manner in the Asia-Pacific region.
- ✓ To extract good practices and lessons-learned in view of replications in other countries

### ■ General objectives of presentations by donors:

- ✓ to extract donors perspectives in order to best utilize their initiatives and tools and inform country participants.
