

# INDCs of Timor-Leste

Present by  
Nelson Madeira

## I. Introduction

- Timor-Leste is one of the UNFCCC Parties which has not submitted its INDCs until COP 21 in PARIS;
- Decision I CP 21 requested those parties who have not submitted their INDCs need to submit their respective INDCs and it will be transmitted into NDCs once the Paris Agreement has been ratified by the country;
- The Government of TL has declared as signing ceremony of Paris Agreement in New York on 22 April 2016.

## II. Scope of INDCs of TL

- INDCs of TL covers both activities Adaptation and Mitigation;
- Means of implementation: Requests developed country parties to support finance, technology transfer and capacity building support for the implementation of the INDCs

## III. Potential elements for Adaptation for INDCs

Adaptation elements focus on some key priorities from the NAPA as follow:

- Food Security and Agriculture,
- Water Resources,
- Human Health,
- Natural Disasters,
- Forests Biodiversity and Coastal Ecosystems Resilience,
- National institutional Capacity Development for CC.

#### IV. Actions to forward on the INDCs

- After the COP 21, TL has drafted its INDCs and will be submitted soon once it has been completed;
- A national validation workshop will be undertaken in 28 of June in order to consult with wider stakeholders for their view before finalizing the draft;
- INDCs will be submitted before COP 22 in Morocco;
