

**Asia-Pacific
Environmental Innovation Strategy Project**

Introduction of APEIS-II

ECO ASIA 2005

4-5, June 2005, Gifu, Japan

Ministry of the Environment, Japan

APEIS-II: (A)sia (P)acific (E)nvironmental **(I)nnovation (S)trategy (FY2005-FY2007)**

- Endorsed at **ECO ASIA 2004** (Yonago)
- Registered as **Type II Partnership Initiative at WSSD**

How to achieve Environmental innovations?

- By
- providing scientific tools and policy options
 - promoting capacity building of experts
 - promoting outreach activities

APEIS Family:

- Integrated Environmental Monitoring (IEM)
- Integrated Environmental Assessment (IEA)
- Research on Innovative & Strategic Options (RISPO)

□ Major progress of APEIS

- Mutual benefits from innovation

IEM: Ecosystem monitoring with the latest monitoring technology

IEA: Projection with the latest modeling

RISPO: Innovative environmental policy options (Economic instrument to reduce pollutants)
