11:00-13:00 (Venue: Royal Crown Ball Room on 4th Floor)

- Election of Chairperson
- Adoption of Agenda and Programme of Work

• **Session 1 : For vitalizing Actions by Citizens**

Objective: Many traditional and indigenous lifestyles such as the outfit that doesn't require air-conditioners are beneficial to environmental protection. This session aims at identifying the policies and measures that should be promoted by the national governments in order for each individual to recognize the value of such lifestyles.

Facilitator: H.E. Ms. KOIKE Yuriko, Minister of the Environment, Japan

Lead-off speakers (6 minutes each):

- Mr. Soichi AIKAWA, Mayor of Saitama City, Japan
- Dasho Paljor J. DORJI, Special Advisor, National Environment Commission, Bhutan
- Mr. Tan Yong Soon, Permanent Secretary, Ministry of the Environment and Water Resources, Singapore

Suggested points of discussions:

- What are environmentally sound and traditional lifestyles in each country?
- How can we apply traditional lifestyles and knowledge to modern lifestyles?
- What policies and measures can be shared with other countries?

- Participants are invited to have free discussions at this session on how we can promote actions at individual level.
- Lead-off speakers will make remarks prior to the discussions.

13:00-14:30

• **Luncheon hosted by H.E. KOIKE Yuriko, Minister of the Environment, Japan
(Heads of Delegations Only, served at Twenty-One Banquette Hall on 21st Floor)**

- Presentation on the activities by elementary school children and a NGO (the Women's Conference for Recycling) of Saitama City
- Presentation of the award-winning essays in the Essay Contest

*lunch for delegation members will be served at Platinum Room on 3rd Floor.

15:00-17:00 (Venue: Royal Crown Ball Room on 4th Floor)

• **Session 2: For Invigorating Actions by Communities**

Objective: This session is intended to explore what kind of policies and measures should be promoted by the national governments to facilitate innovative community-based activities by local governments and public bodies.

Facilitator: Dr. Emil SALIM, Member, Asia – Pacific Forum on Environment and Development (APFED) and former Minister for the Environment, Indonesia

Lead-off speakers (6 minutes each):

- Mr. CHUNG Rae Kwon, Director for the Environment and Sustainable Development Division, United Nations Economic and Social Commission for Asia and the Pacific (UNESCAP)
- Mr. TANG Ding-ding, Deputy Director-General, Foreign Economic Cooperation Office, State Environmental Protection Administration, China

Suggested points of discussions:

- What is an expected role of local governments to formulate environmental policies?
- What are the innovative policies and measures promoted by local governments?
- What are policies and measures promoted by national governments to promote/support the activities by local governments - good practice can be shared with other countries?

- Participants are invited to discuss how to promote activities at the local and community levels

17:00-17:30 (Venue: Royal Crown Ball Room on 4th Floor)

• **Session 3: For promoting collaboration in Asia and the Pacific region**

Objective: The activities for protecting the environment in Asia and the Pacific region are essential for protecting the global environment. This session is aimed at exploring how to formulate policies and promote measures for facilitating collaboration to protect the environment in Asia and the Pacific region.

Facilitator: Prof. Hironori HAMANAKA, Director-General, International Lake Environment Committee

- Presentation on “Eco-Action Partnership for Asia” by Mr. Hikaru KOBAYASHI, Director-General of the Global Environment Bureau, the Ministry of the Environment, Japan

Suggested points of discussions:

- Only the presentation will be made. Questions/answers and discussions will be held at the session on the following day.
