

FY 2004 Population Served by Wastewater Treatment Facilities by City Scale

(As of March 31, 2005)

Notes: 1. Breakdown of the total 2,522 municipalities: 733 cities including the 23 wards of Tokyo, 1,423 towns and 366 villages

2. Number of population and number of people served by wastewater treatment facilities may not add up due to rounding

3. Dissemination rate is the ratio of number of people served by the wastewater treatment facilities to total population. The wastewater treatment facilities include sewage, agricultural effluent facilities, johkasoh, and community wastewater treatment plants.
