

Table 2 State of PCB-containing Product in Use at PCB Waste Storage Sites

(As of March 31, 2004)

Type of Product	Number of Business Entities Using PCB-containing Equipment	Amount of PCB-containing Equipment in Use
High-voltage transformers	943	3,449 units
High-voltage capacitors	8,167	27,983 units
Low-voltage transformers	84	2,679 units
Low-voltage capacitors	284	40,097 units
Pole-mounted transformers	7	1,764,699 units
Ballasts	1,828	485,261 units
PCBs	20	48 kg
PCB-containing oil	16	165 kg
Other appliances	520	3,708 units

Note: Data on PCB-containing oil represented in volume were converted to weight, by calculating one liter as one kilogram.
