

Overview of Ordinance of MOE Stipulating Amended Effluent Standard

Harmful substance	Business type	Feb.1,'94 - Jan.31,'97	Feb.1,'97 - Jan.31,'00	Feb.1,'00 - Jan.31,'03	Feb.1,'03 - Jan.31,'06	Feb.1,'06 - Jan.31,'09	Notes
		Provisional effluent standard			Current standard	Amended standard	Uniform effluent standard
Selenium	Selenium compound manufacturers*	4mg	2mg	0.5mg	0.3mg	<u>0.3mg/l</u>	0.1mg/l

* Selenium manufacturers include those that manufacture selenium compounds out of selenium containing materials (e.g. sludge generated in the process of copper refining and glass manufacturing; scrap generated in the manufacturing/disposal process of photoconductive drums of dry copiers) through the process of extracting selenium by roasting and/or alkaline fusion.
