

➤ Introduction of Session 3 Good Practices for Enforcement

The secretariat of the Asian Network

Expected Outcome

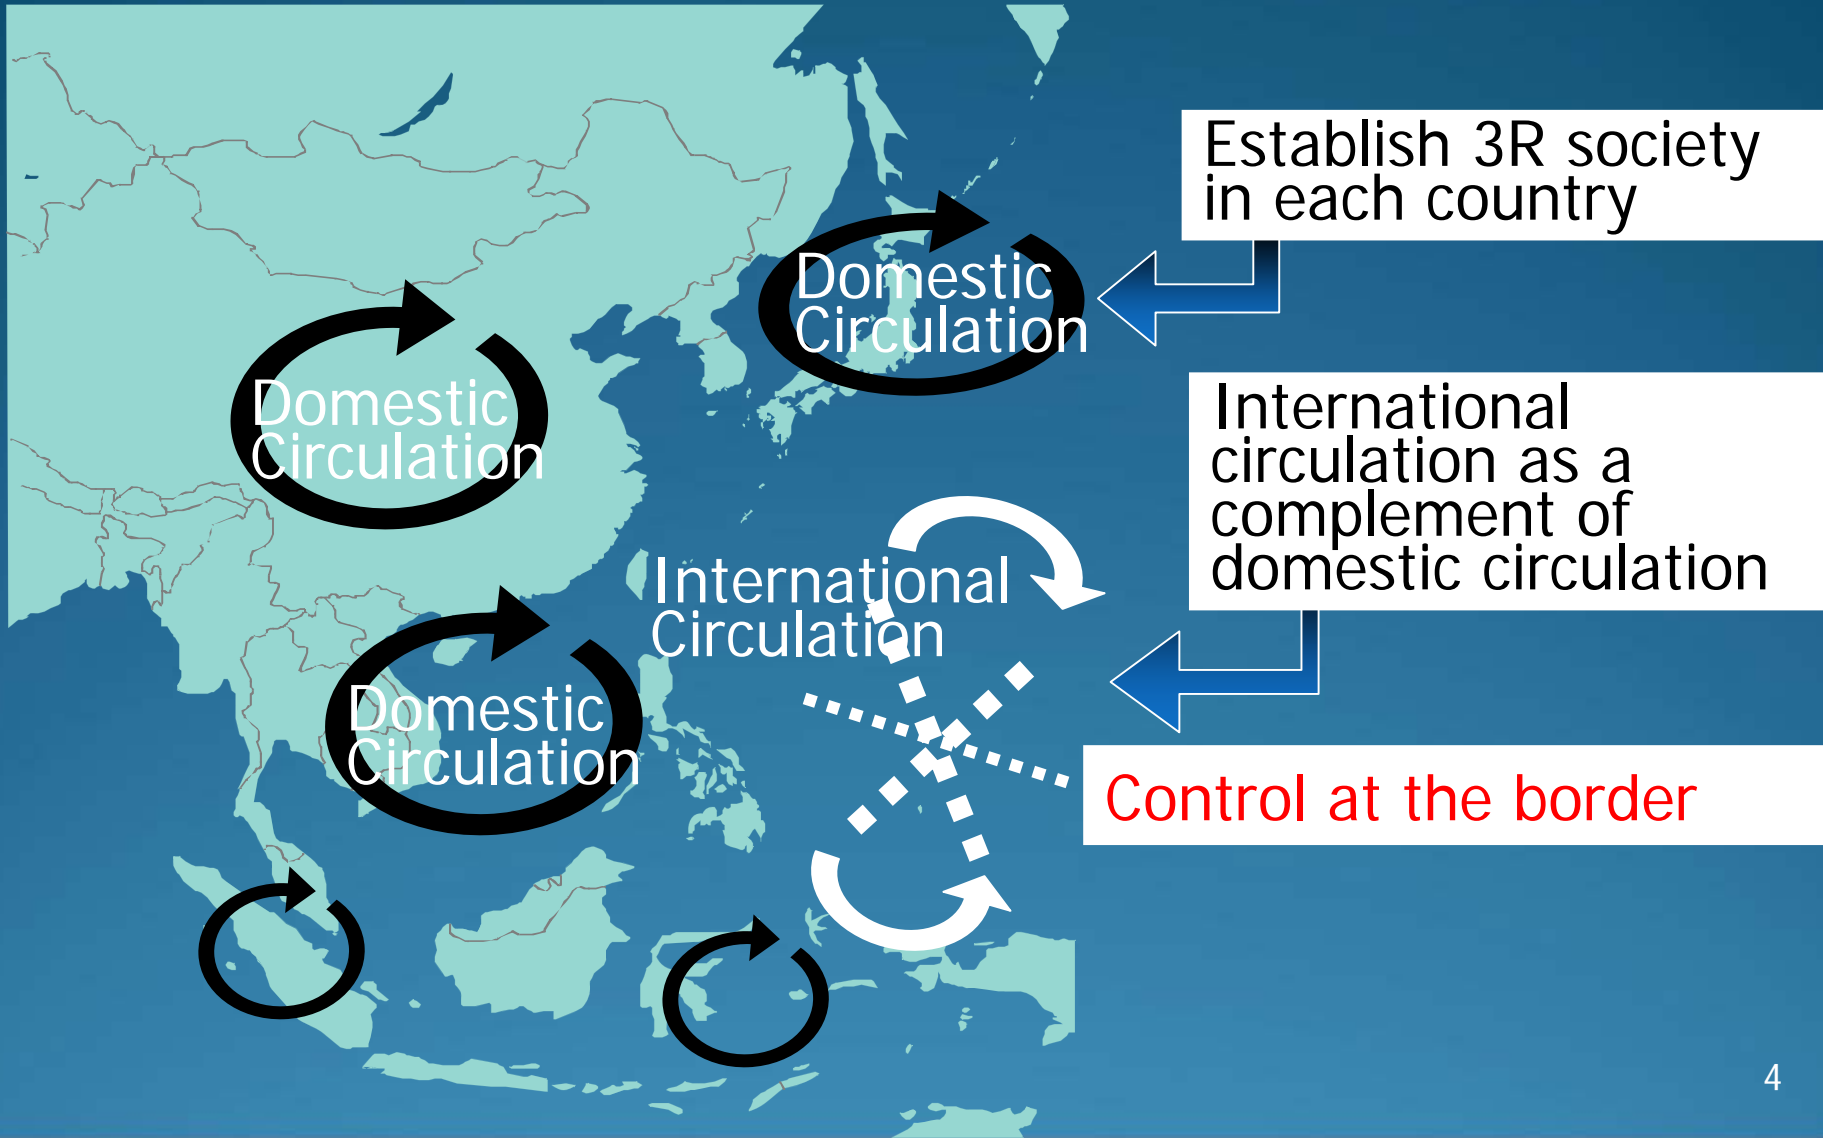

- To understand the importance of enforcement activities for sound material-cycle society
- To share good practices for more effective enforcement
- To make a priority to field we need to share with.

Background

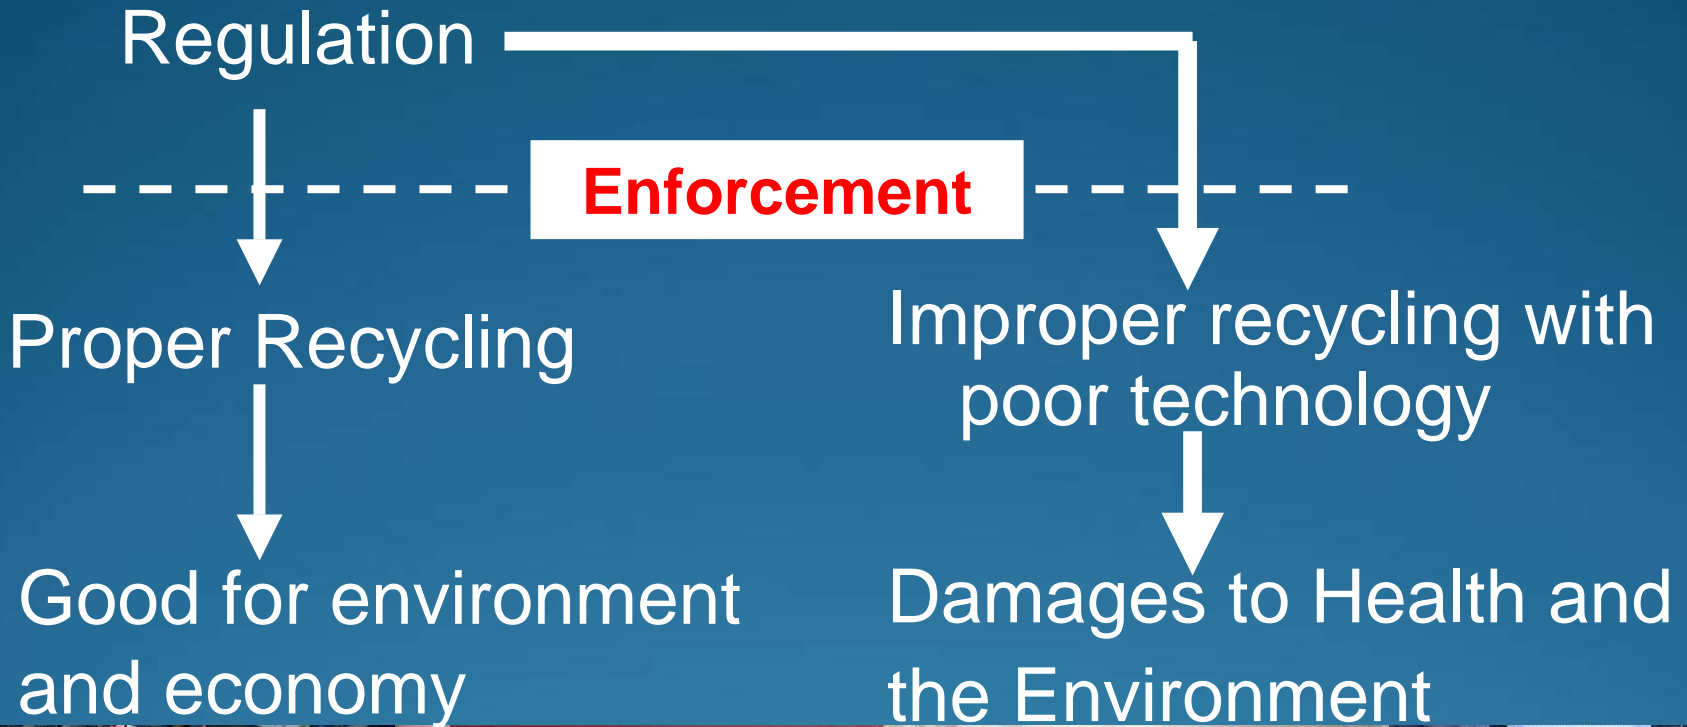

1. Exporting “waste” without the Basel procedure
2. Exporting “non-waste” at exporting country, but being regarded as “waste” at importing country

	Basel Waste	Gray Zone	Non Waste
With Procedure	1. Enforcement	2. Information Exchange	
Without Procedure	1. Enforcement		

Background

Background

Background

**Waste
Generator**

Informal recycler
can buy e-waste in
higher price than
formal recycler.

Informal recycler has
enough volume of e-waste

Formal recycler faces
short of e-waste

Background

Domestic implementing scheme and practice of Basel Convention

Topics	Examples

Discussion

- Background information
- Presentation by participants on good practices in their countries
- Discussion
 - What are other good practices to be shared?
 - What information do we need for more effective enforcement?
 - How do we share these good practices systematically?
