Material Establishment

Since the implementation of the project from February to July 2008, the Project Team accomplished the following activities:

- # Development of E-Waste Managerial Manual in both languages, Khmer and English languages.
 - # Development of the E-Wastes Brochure in Khmer language.
-

Conclusion

Training programs were successfully and fruitfully implemented for arrangement of the training programs. Meanwhile, participants have improved and understood on E waste and its harmful affect to human heath and environment and roles of member countries in Basel Convention.

Finally, I would like to express my deeply thank to Basel Convention Secretariat as well as Basel Convention Regional Centre of Southeast Asia which always assist both financial and technical support to Royal Government of Cambodia and Cambodia will be strongly to follow up role of member's country in Basel Convention.

**Thank You for
Your Kind
Attention**
