CHAPTER 114
POISONS

ARRANGEMENT OF SECTIONS

Sections

1. Short title.
2. Interpretation.
3. Description of poisons.
4. Licensing Officers.
5. General prohibition with respect to the importation and sale of poisons.
6. Prohibitions and provisions relating to the sale of poisons.
7. Exemptions in respect of medicines.
8. Exemptions in respect of sale.
10. Issue of licences.
11. Different kinds of licence.
12. Licences to be numbered and registered.
13. Annual list to be published.
14. Forms of licence.
15. Search and search warrant.
17. Penalties.
18. Jurisdiction.
19. Prosecutions.
20. Prohibition of sale to persons under 18.

SCHEDULE — Poisons List
POISONS ACT

An Act to regulate the importation, possession, manufacture, compounding, storage, transport and sale of poisons

Commencement: 1st July 1957 [S 61/57]

1. This Act may be cited as the Poisons Act.

2. In this Act, and in any rules made thereunder, unless the context otherwise requires —

“dentist” means a dentist licensed under the Medical Practitioners and Dentists Act and includes a Government dentist;

“export”, with its grammatical variations and cognate expressions, in relation to Brunei Darussalam, means to take or cause to be taken out of Brunei Darussalam by land, air or water, otherwise than in transit;

“import”, with its grammatical variations and cognate expressions, in relation to Brunei Darussalam, means to bring or to cause to be brought into Brunei Darussalam by land, air or water, otherwise than in transit;

“in transit” means taken or sent from any country and brought into Brunei Darussalam by land, air or water (whether or not landed or transhipped in Brunei Darussalam) for the sole purpose of being carried to another country either by the same or another conveyance;

“licensed pharmacist” means a pharmacist licensed under this Act;
“licensed practitioner” means a Government Medical Officer or a registered medical practitioner licensed under this Act;

“Licensing Officer” means a person empowered by section 4 to issue licences for the purposes of this Act;

Cap. 112. “pharmacist” means any person who holds any degree, diploma or licence approved by the Medical Board constituted under subsection (1) of section 9 of the Medical Practitioners and Dentists Registration Act;

“Poisons List” means the Poisons Lists in the Schedule;

Cap. 112. “registered medical practitioner” means a medical practitioner registered under the Medical Practitioners and Dentists Registration Act;

“sale by way of wholesale dealing” means sale to a person who buys for the purpose of selling again;

Cap. 112. “veterinary surgeon” means a person who holds the diploma of membership of the Royal College of Veterinary Surgeons of England, or the diploma of a British or foreign veterinary institution or examining body approved by the Medical Board constituted under subsection (1) of section 9 of the Medical Practitioners and Dentists Registration Act.

3. (1) The substances specified in the Poisons List shall be deemed to be poisons within the meaning of this Act.

(2) His Majesty the Sultan and Yang Di-Pertuan in Council may, by notification in the Gazette, add to, remove from, or reinstate in the Poisons List any substance.

4. His Majesty the Sultan and Yang Di-Pertuan may appoint any person to be a Licensing Officer, and any person so
appointed by him by name or office, may issue licences for the purposes of this Act.

5. No person shall without a licence from a Licensing Officer import, possess for sale, sell or offer for sale any poison.

6. (1) It shall not be lawful —

(a) for any person to sell any poison unless —

(i) he is licensed under this Act to sell poisons;

(ii) the sale is effected in accordance with the provisions of the licence and with any conditions specified therein;

(iii) the sale is effected on the premises specified in the licence;

(iv) the sale is effected by or under the personal supervision of the person named in the licence;

(v) where the poison is one included in Part I of the Poisons List, the sale is effected by or under the personal supervision of a licensed pharmacist or licensed practitioner,

(b) for any person to sell any poison by wholesale except to a person licensed under this Act to sell that poison.

(2) It shall not be lawful for a person to sell any poison unless the container of the poison is labelled —

(a) with the name of the poison;
(b) in the case of a preparation which contains a poison as one of the ingredients thereof, with particulars as to the proportion which the poison contained in the preparation bears to the total ingredients;

(c) with the word “Poison” or other prescribed indication of the character thereof;

(d) with the name of the seller of the poison and the address of the premises on which it was sold.

(3) Subject to any rules made under this Act dispensing with or relaxing any of the requirements of this subsection —

(a) it shall not be lawful to sell any poison to any person unless that person is known by the seller or by some person in the employment of the seller at the premises where the sale is effected, or is introduced by some person known to the seller as a person to whom the poison may properly be sold;

(b) the seller of any poison shall not deliver it until —

(i) he has made or caused to be made an entry in a book to be kept for that purpose stating the date of the sale, the name and address of the purchaser and of the person, if any, introducing him, the name and quantity of the substance sold and the purpose for which it is stated by the purchaser to be required;

(ii) the purchaser and the person introducing him, if any, have affixed their signatures to the entry aforesaid.

7. (1) Nothing in section 6 shall apply —

(a) to a medicine which is supplied by a registered medical practitioner for the purposes of medical treatment of his own patients;
(b) to a medicine which is supplied by a dentist for the purposes of dental treatment of his own patients;

(c) to a medicine which is supplied by a veterinary surgeon for the purposes of animal treatment;

(d) to a medicine which is dispensed by a licensed pharmacist on the premises specified in his licence;

(e) to a poison forming part of the ingredients of a medicine, except a patent or proprietary medicine, which is supplied by a licensed pharmacist on the premises specified in his licence,

if the requirements contained in subsections (2) and (3) are satisfied in relation thereto.

(2) The medicine must be distinctly labelled with the name and address of the firm or person by whom it is supplied or dispensed and with a serial number or other reference to the entry in the book required to be kept and used regularly under the provisions of subsection (3).

(3) On the day on which the medicine is supplied or dispensed there must be entered in a book which is kept and used regularly for the purpose of this provision but which need not be used exclusively for that purpose the following particulars —

(a) the date on which the medicine was supplied or dispensed;

(b) the ingredients of the medicine or, if the medicine is a proprietary medicine, the name of the medicine, and the quantity thereof supplied;

(c) if the medicine was dispensed by a licensed pharmacist, the name or initials and, if it is known, the address of the person by whom the prescription was signed, and the name and address of the person to whom, and the date on which the prescription was given;
(d) if the medicine was not so dispensed, the name and address of the person to whom it was supplied:

Provided that the provisions of this subsection shall, in the case of a medicine supplied on a prescription on which such medicine had been supplied by the seller on a previous occasion, be deemed to be complied with if the date on which the medicine is supplied and the quantity thereof supplied are entered in the book or in a book kept for the purpose of this proviso on that day or, if that is not reasonably practicable, on the day next following that day, together with a sufficient reference to any entry in the book duly recording the dispensing of the medicine by the seller on the first occasion.

(4) In the case of a medicine which is supplied or dispensed by a licensed pharmacist or licensed practitioner the medicine must have been compounded by or under the direct and personal supervision of a licensed pharmacist or licensed practitioner.

8. Except as provided in any rules made under this Act, nothing in the provisions of subparagraph (v) of paragraph (a) of subsection (1) and subsections (2) and (3) of section 6, shall extend to or affect —

(a) the sale of poisons by way of wholesale dealing;

(b) the sale of poisons to be exported from Brunei Darussalam Darussalam;

(c) the sale of poisons to be used by a registered medical practitioner, dentist or veterinary surgeon for the purposes of his profession;

(d) the sale of poisons for use in or in connection with any hospital, dispensary or similar institution approved by an order, whether general or special, of the Director of Medical Services;
(e) the sale of poisons for use by or on behalf of a Government Department requiring the article for the purposes of the public service;

(f) the sale of poisons to a person or institution concerned with scientific education or research, if the article is required for the purpose of that education or research;

(g) the sale of poisons by persons licensed under this Act, either by way of wholesale dealing or for use by the purchasers thereof in their trade or business, to a person who requires the poison —

(i) for the purpose of his trade or business;

(ii) for the purpose of enabling him to comply with any requirements made by or in pursuance of any written law with respect to the medical treatment of persons employed by that person in any trade or business carried on by him.

9. (1) No person whether licensed under this Act or not shall knowingly keep or have in his possession or under his control any poison otherwise than —

(a) in an unbroken case or package as received from the manufacturer;

(b) in a bottle, vessel, box, package or other receptacle distinctly labelled with the name of the substance contained therein and also bearing some distinction or mark indicating that it contains poison.

(2) In any proceeding under this section if any person is proved to have kept or had in his possession or under his control any poison he shall be deemed to have done so knowingly unless the contrary is proved by him.

(3) No person shall keep any poison for sale or for dispensing purposes except —
(a) as provided in paragraph (a) of subsection (1);

(b) in a bottle or other vessel tied over, capped, locked or otherwise safely secured in a manner different from that in which bottles or vessels containing non-poisonous substances are secured in the same warehouse, shop or dispensary;

(c) in a bottle or other vessel readily distinguishable by touch from the bottles or vessels in which non-poisonous substances are kept in the same warehouse, shop or dispensary;

(d) in a bottle, vessel, box or package kept in a room or cupboard under lock and key set apart for the keeping or storage of dangerous substances.

10. (1) A Licensing Officer may issue to any person, subject to such special conditions and limitations as the Licensing Officer may think fit, any of the licences referred to in section 11:

Provided that no licences shall be issued to a medical practitioner other than licences to import, possess, and sell poisons by retail in his own personal practice or business, or in a practice or business partnership of which every member is a medical practitioner.

(2) A Licensing Officer, if it appears expedient to him to do so, may cancel any licence issued under subsection (1).

(3) Every licence shall, unless previously cancelled, remain in force until the 31st day of December in the year in respect of which the licence is issued.

(4) Such fees as may be prescribed shall be charged on the issue of each licence.

(5) Any person to whom a Licensing Officer refuses to issue a licence or whose licence is cancelled under the provisions of subsection (2) may appeal to His Majesty in Council whose decision shall be final and conclusive.
11. (1) Licences may be —

(a) licences to import and store poisons;

(b) wholesale and retail licences to deal generally in poisons;

(c) wholesale licences to keep and sell by wholesale the poisons specified in such licences;

(d) retail licences to keep and sell the poisons specified in such licences.

(2) There shall be implied in every licence issued under this Act the condition that the licensee is bound to comply —

(a) with all the terms and conditions set out in the licence;

(b) with all the provisions of this Act;

(c) with all the provisions of any rule that may from time to time be made under this Act.

(3) For the purposes of this section the expression “to keep” shall include the custody of poisons by a licensee in the course of his employment.

(4) Every licence issued under this Act shall be personal to the licensee named therein and shall not in any case be transferable to another person and no licence shall authorise the sale of any poison by any person other than the person named therein:

Provided that is shall be lawful for a Licensing Officer, if he sees fit, to amend the description on a licence of the premises at which the person licensed carries on the business or profession in connection with which he is licensed.

12. (1) All licences issued in Brunei Darussalam shall be numbered consecutively in the year in respect of which they are issued, commencing each year with the number one.
(2) Each Licensing Officer shall keep a register of Licenses issued by him showing all the particulars of each licence granted by him and the entries in the register shall be numbered to correspond with the serial numbers of the licences and there shall be noted in the register in the event of the cancellation of any licence the date of such cancellation.

(3) Any extract from or copy of an entry in a register kept under this section shall, until the contrary is proved be evidence of the facts stated therein if such extract or copy is certified under the hand of a Licensing Officer to be a true extract or copy.

13. (1) The Director of Medical Services shall in or about the month of February in each year cause to be printed and published in the Gazette lists of all persons licensed under this Act with the nature of the licence or licences granted to each such person, and specifying the profession or business and the premises in respect of which such licences have been granted. Lists of all such licences issued after the publication of the annual list shall from time to time be published in the *Gazette*.

(2) In such lists the names shall be in alphabetical order, according to the surname or seh when such name or its equivalent is used by the licensed person, and otherwise according to the personal name of the licensed person followed by his father’s name.

(3) Every list so published as aforesaid shall be evidence that the persons therein named are licensed under this Act as therein stated and the absence of any name from such list shall be evidence until the contrary has been proved that such person is not licensed under this Act.

14. Licences issued under this Act shall be substantially in the forms prescribed with such variations as circumstances may require.

15. (1) A Licensing Officer or any officer of the Medical Department authorised in writing by a Licensing Officer or any police officer not below the rank of inspector may enter at all reasonable times upon any premises in which poisons are
reasonably believed by such officer to be kept or stored and by himself or by some other person accompanying him and acting under his instructions and in his presence may search such premises and take samples of any substance found therein and reasonably believed to be or to contain a poison.

(2) Any officer referred to in subsection (1) may in like manner inspect and take extracts from any book or record relating or reasonably believed to relate to any dealing in or with poisons wherever and by whomsoever kept and whether kept under the provisions of this Act or of any rules made under this Act or otherwise and for the purpose of such inspections or taking of extracts may enter at all reasonable times upon any place whatsoever.

(3) In any case in which it shall appear to any magistrate upon the oath of any person that there is reasonable cause to believe that in any premises there is concealed or deposited any substance in respect of which an offence has been committed against this Act, such magistrate may, by warrant addressed to any police officer not below the rank of inspector or to any senior officer of customs empower such officer to enter upon and search by day or night any premises within the jurisdiction of such magistrate and to take possession of any such substance and to arrest any person being in such premises in whose possession such substance may be found or who is reasonably suspected by such officer to have concealed or deposited such substance therein, and any officer to whom such warrant may be directed may in case of obstruction or resistance break open any outer or inner door of such premises and any cupboard, chest, trunk or package or other receptacle and by force, if necessary, enter upon any part of such premises and remove any obstruction to such entry, search or seizure and detain any person found in such premises until the search has been completed.

(4) In this section “senior officer of customs” has the same meaning as in the Customs Act.
16. His Majesty in Council may by order published in the *Gazette* exempt from the operation of this Act or of any specific provision thereof or rule thereunder —

(a) any specified persons or class of persons;

(b) any chemical commonly used for any process in connection with a trade, manufacture or industry,

but every such exemption shall be subject to such instructions and conditions as His Highness in Council may think fit to impose either generally or in any particular case.

17. (1) Any person who acts in contravention of any of the provisions of this Act or of any rule or order made thereunder, shall except in so far as his act comes within one of the exemptions made by sections 7 and 8, be guilty of an offence: Penalty, a fine of $8,000 or, in default of payment, imprisonment for 6 months:

Provided that if the act or omission charged amounts, in the opinion of the court before which he is tried, to such a degree of negligence as to endanger or be likely to endanger, human life, then such person shall be guilty of an offence: Penalty, a fine of $16,000 and imprisonment for 12 months.

(2) Any person who would have been guilty of an offence against the provisions of this Act or of any rule or order made thereunder if anything had been done or omitted by him personally shall be guilty of such offence and be liable to the same penalty if such thing had been done or omitted by his partner, agent or servant, unless he proves to the satisfaction of the court that he took all reasonable precautions to prevent the doing or omission of such thing; but so that nothing in this subsection shall affect the liability of such partner, agent or servant, and provided that the liability of such person shall not extend to imprisonment unless he is privy to the offence.

(3) Where any person convicted of an offence against the provisions of this Act or of any rule or order made thereunder is a body corporate every person who, at the time of commission of the offence, was a director, manager, secretary or
other officer of the body corporate, or was purporting to act in any such capacity, shall be deemed to be guilty of that offence unless he proves that the offence was committed without his knowledge, or that he exercised all due diligence to prevent the commission of the offence.

(4) Any poison in respect of which an offence has been committed by any unlicensed person in contravention of any provision of this Act or of any rule or order made thereunder shall, upon that person being convicted of the said offence, be forfeited and shall be handed over to the Director of Medical Services for disposal.

(5) Every penalty or forfeiture imposed under this Act shall be in addition to and not in substitution for any other penalty to which the accused may be liable under any other law and no conviction under this Act shall be pleaded in any civil proceedings in mitigation of damages claimed against the person convicted.

18. The Court of a Magistrate shall have jurisdiction to hear and determine all prosecutions under this Act and, notwithstanding anything to the contrary contained in the Criminal Procedure Code, such a Court shall have power to impose the full penalty or punishment provided by this Act.

19. (1) No prosecution for any offence under this Act or any rule made thereunder shall be instituted except with the sanction of the Public Prosecutor or a Deputy Public Prosecutor.

(2) In any prosecution under this Act the burden of proving that any poison found in the possession of the accused was not kept for sale shall be upon the accused.

20. (1) No poison shall be sold to any person under 18 years of age.

(2) Any person contravening the provisions of this section shall be guilty of an offence: Penalty, a fine of $4,000 or imprisonment for 6 months.
(3) It shall be a sufficient defence to any charge under subsection (1) that the person charged had reasonable cause to believe that the person to whom such sale was made was above the age of 18 years.

Rules.

21. His Majesty in Council may make rules to carry out the purposes of this Act and, in particular, but without prejudice to the generality of the foregoing powers, may make rules with respect to any of the following matters or for any of the following purposes —

(a) the importation, use, and control of poisons, and any precautionary measures relating thereto;

(b) the manufacture of preparations containing poisons;

(c) the sale, whether by wholesale or retail, or the supply of poisons, by or to any person or class of persons, including —

(i) regulating or restricting the sale or supply of poisons by persons licensed under paragraph (c) or (d) of subsection (1) of section 11 and prohibiting the sale of any specified poison or class of poisons by any class of such persons;

(ii) prohibiting the sale by retail of poisons included in Part I of the Poisons List except on a prescription duly signed by a licensed practitioner, licensed dentist or licensed veterinary surgeon, and prescribing the form and regulating the use of prescriptions given for the purpose of rules made under this paragraph;

(iii) dispensing with or relaxing with respect to any specified poison any of the provisions contained in this Act or in any
(d) the storage, transport and labelling of poisons;

(e) the containers in which poisons may be sold or supplied;

(f) the addition to poisons of specified ingredients for the purpose of rendering them readily distinguishable as poisons;

(g) the compounding and dispensing of poisons;

(h) the period for which any books required to be kept for the purposes of this Act are to be preserved;

(i) requiring persons in control of the manufacture of pharmaceutical preparations containing poisons to be licensed pharmacists or persons possessing prescribed qualification in chemistry;

(j) prescribing the coverings, stoppers and fastenings of and the marks to be placed or made on or on the coverings of or on the labels affixed to any vessel, bottle, case, package, box or other receptacle or container whatsoever in which any poison is kept, stored, sold or in any way dealt with;

(k) prescribing the form of licences, registers and returns;

(l) fixing fees and exempting any person or body of persons from the payment of such fees.
SCHEDULE

POISONS LIST

(Sections 2 and 3)

In the construction of this list, unless the contrary intention appears —

1. A reference to a substance shall include a reference to that substance prepared either from natural sources or synthetically or artificially.

2. A reference to a substance shall include a reference to that substance when contained as such in any preparation, solution, admixture or natural substance.

PART I

Acebutolol
Acepromazine; its salts
Acetanilide; alkyl acetanilides
Acetazolamide; its salts
Acetic anhydride
Acetohexamide
Acetorphine; its salts; its esters and others; their salts
Acetylcarbromal
Acetycholine chloride
Acetylcysteine
Acetyldigitoxin
Acetyldihydrocodeine; its salts
Acetylmethadol; its salts
Adiphenine hydrochloride
Alclofenac
Alcuronium chloride
Alkyl florides other than those specified in Part II of this list

Alkaloids, the following; the quaternary compounds, any salt simple or complex, of any substance falling within the following —
Aconite, alkaloids of
Atropine
Belladonna, alkaloids of
Brucine
Calabar Beans, alkaloids of
Cocaine
Codeine, its esters and ethers
Colchicum, alkaloids of
Coniine
Cotarnine
Curare, alkaloids of; curare bases
Econonine, its esters and ethers
Emetine
Ephedra, alkaloids of
Ergot, alkaloids of, hydrogenated or not; their homologues
Gelsemium, alkaloids of
Homatropine
Hyoscine
Hyoscyamine
Jaborandi, alkaloids of
Lobelia, alkaloids of
Morphine, its salts; its esters and ethers; their salts
Nicotine
Papaverine
Pomegranate, alkaloids of
Quebracho, alkaloids of, other than the alkaloids of, Red Quebracho
Rauwolfia, alkaloids of; their derivatives
Sabadilla, alkaloids of
Solanaceous alkaloids not otherwise included in this list
Stavesacre, alkaloids of
Strychnine, its salts and quaternary compounds
Thebaine
Veratrum, alkaloids of
Yohimba, alkaloids of
Allopurinol
Allylisopropylacetylurea
Allylprodine; its salts
Alphacetylmethadol; its salts
Alphachloralose
Alphadolone; its salts
Alphameprodine; its salts
Alphamethadol; its salts
Alphaprodine; its salts
Alphaxalone
Alprenolol; its salts
Amantadine; its salts
    Ambenonium chloride
Ambuside
Ametaxole hydrochloride
Amethocaine; its salts
Amiloride hydrochloride
Amidopyrine, its salts; amidopyrine sulphonates; their salts
Amino-alcohols esterified with benzoic acid, phenylacetic acid, cinnamic acid, or the derivatives of these acids; their salts
p-Aminobenzensulphonamide; its salts; derivatives of p-aminobenzesulphonamide having any of the hydrogen atoms of the p-amino group or of the sulphonamide group substituted by another radical; their salts
Aminocaproic acid
Aminopterin
Aminorex, its salts
p-Aminosalicylic acid; its salts
Amitriptyline; its salts
Amyl Nitrite
Androgenic, oestrogenic and progestational substances, the following —
Benzoestrol
Derivatives of stilbene, dibenzyl or naphthalene with oestrogenic activity; their esters
Steroid compounds with androgenic or oestrogenic or progestational activity; their esters
Anileridine; its salts
Antibiotics, the following, their salts; their esters and salts of such esters —
  Actinomycins
  Amikacin
  Ampomycin
  Amphoteracin
  Bacitracin
  Bleomycin
  Cabimicina
  Candididin
  Capreomycin
  Cephaloglycin
  Cephaloridine
  Cephalsporins, that is to say, the antimicrobial substances containing in
  their chemical structure a fused dihydrothiazine B-lactam nucleus
  Chloraphenicol
  Chlortetracycline
  Chromomycin A
  Clindamycin
  Colimycin
  Cycloserine
  Demethylchlortetracyline
  Dihydrostreptomycin
  Erthromycin
  Flavomycin
  Flucytosine
  Framycetin
  Fumagillin
  Fusidic acid
  Gentamycin
  Gramicidin
  Griseofulvin
  Hachimycin
  Kanamycin
  Kanendomycin
  Lincomycin, that is to say, the S-alkyl derivatives of 6, 8-dideoxy-6-trans
  (4-alkyl-L-2 pyrrolidine carboxamido) 1-thio-D-erytho-oc-D-galacto-
  actopyranoside, and N-methylpyrrolidine analogues thereof
  Methacycline
  Minoceylene
  Mithramycin
  Mitomycins
  Neomycin
  Natamycin
  Novobiocin
  Nystatin
  Oleandomycin
  Oxytetracycline
  Paromomycin
  Penicillin, its salts and its derivatives
  Polymyxins and their salts
  Rifamycins, that is to say, a group of related antimicrobial microlactans,
  either produced by the growth of streptomycetes mediterranei or by modi-
Ristocetins and their salts
Spectinomycin and its salts, its esters and salts of such esters
Spiramycin and its salts
Streptomycin and its salts, its derivatives and salts of such derivatives
Tetracyclines, that is to say, the antimicrobial substances containing the chemical structure naphthacene-2-carboxymide, hydrogenated to any extent and having each of the positions 1, 3, 10, 11, and 12 substituted by a hydroxyl or an oxo group, and their salts
Thiamphenicol
Tobramycin
Trichomycin
Tylosin
Tyrothricin
Ureamycin
Vancomycin and its salts
Viomycin and its salts
Virginiamycin and its salts

Antihistamine substances the following; their salts; their molecular compounds —
Antazoline
Bromodiphenhydramine
Buclizine
Carbinoxamine
Chlorcyclizine
Chlorpheniramine
Cinnarizie
Clemizole
Cyclizine
Cyproheptadine
3-D-n-butylaminomethyl-4, 5, 6-trihydroxyphthalide
Dimethpyrindene
Diphenhydramine
Diphenylpyraline
Doxylamine
Isothipendyl
Mebydrolin
Meclastine
Meclozine
Phenindamine
Pheniramine
Phenyltoloxamine
Promethazine
Pyrobutamine
Thenalidine
Tolpropamine
Triprolidine
Substances being tetra-N-substituted derivatives of ethylenediamine or propylenediamine

Antimony, chlorides of, antimonates, organic of compounds of antimony

- Apiol
- Apomorphine; its salts
- Aprotinin

Arsenical substances, the following, except those specified in Part II of this list, halides of arsenic, oxides of arsenic, arsenates, arsenites, organic compounds of arsenic

- L-Asparaginase
- Atenolol
- Azacyclonol; its salts
- Azapropazone
- Baclofen
- Barbituric acid; its salts; derivatives of barbituric acid; their salts, compounds of barbituric acid, its salts, its derivatives, their salts, with any other substance
- Barium, salts of, other than barium sulphate and the salts of barium specified in Part II of this list
- Beclamide
- Bemegride
- Benactyzine, its salts, its quaternary compounds
- Benapryazine; its salts
- Benserazide hydrochloride
- Benzbromarone
- Benzethidine; its salts
- Benzhexol
- Benzilonium bromide
- Benzocaine
- Benzoctamine; its salts
- Benzoylmorphine; its salts
- Benztrpine and its homologues; their salts
- Benzylmorphine; its salts
- Betacetylmethadol; its salts
- Betamethadone; its salts
- Betamethadone; its salts
- Betaprodine; its salts
- Betamethadone; its salts
- Betanide; its salts
- Bezitramide; its salts
- Bretylium; its salts
- Bromhexine hydrochloride
- Bromocriptine mesylate
- Bromvaletone
- Bufexamac
- Bufophenyl; its salts
- Buftorinone; its salts; its esters and ethers; their salts
- Bumetanide
- Buphenine hydrochloride
- Bupivacaine; its salts
- Busulphan; its salts
Butacaine sulphate
Butriptyline hydrochloride
Butylchloral hydrate
Cannabinol and its tetrahydrol derivatives, prepared wholly or partly by
synthesis; their 3-alkyl homologues; their esters or ethers; their salts
Cannabis (the whole plant, or any part there of Cannabis sativa Linn); the
resin of cannabis; extracts of cannabis; tinctures of cannabis; cannabis
tannate
Cantharidin; cantharidates
Captodiame; its salts
Caramiphen; its salts
Carbachol
Carbamazepine
Carbarsone
Carbenoxolone; its salts
Carbimazole
Carbromal
Carbutamide; its salts
Carisoprodol
Carperidine; its salts
Chloral; its addition and condensation products other than alpha-chloralose; their molecular compounds
Chlorambucil
Chlordiazepoxide; its salts
Chlormethiazole; its salts
Chlormezanone; its salts
Chloroform
Chlorothiazide and other derivatives of benzo-1, 2, 4-thiadiazine-7-sulpho-
namide 1, 1-dioxide, whether hydrogenated or not
Chlorphenoxamine; its salts
Chlorphentemrin; its salts
Chlorproomide; its salts
Chlorprothixene and other derivatives of 9-methylenethiaxanthen; their
salts
Chlorthalidone and other derivatives of o-chlorobenzene sulphonamide
Chlorzoxazone
Cimetidine; its salts
Clofazimine
Clofibrate
Clomiphene; its salts
Clomipramine; its salts
Clonidine; its salts
Clonitazene
Clopamide
Clorexolone
Clorprenaline; its salts
Clotrimazole
Codoxime; its salts
Corticotrophins, natural and synthetic
Cortisone, hydrocortisone, prednisone, prednisolone, derivatives of these
with hydroxyl, alkyl groups or halogens as substituents; ethers and salts
of esters of such derivatives
LAWS OF BRUNEI

CAP. 114

Poisons

Creosote obtained from wood
Cropropamide
Crotethamide
Croton, oil of
Curare
4-Cyano-2-dimethylamino-4, di-diphenylbutane; its salts
4-Cyano-1-methyl-4-phenylpiperidine; its salts
Cyclarbamate
Cyclofenil
Cyclopentolate hydrochloride
Cyclophosphamide
Cycrimine; its salts
Cyproterone; its salts
Cytarabine; its salts
Dacarabazine
Dapsone; its salts
Danazol
Dantrolene sodium
Daunorubicin; its salts
Deanol; its salts
Debrisoquine; its salts
Dehydroemetine; its salts
Demecarium bromide
Deprodone; its salts; its esters; their salts; any acetyl derivatives and its salts
Depropripine; its salts
Desferioxamine; its salts
Desipramine; its salts
Desomorphine; its salts; its esters and ethers; their salts
Dexitimide
Dextromethorphan; its salts
Dextromoramide; its salts
Dextrophan; its salts
Diacetylmorphine; its salts
Diacetylnalorphine; its salts
Diamino-diphenyl sulphones; their salts; their derivative
Diampropamide; its salts
Diazepam and other compounds containing the chemical structure of dihydro-1 4-benzodiazepine substituted to any degree; their salts
Diazoxide; its salts
Dicyclomine; its salts
Dibenzipin; its salts
N-Diethylaminoethyl ephedrine; its salts
NN-Diethyltryptamine (DET)
Difenoxin
Digitalis, glycosides of; other active principles of digitalis
Dihydrallazine; its salts
Dihydrocodeine; its salts; its esters and ethers; their salts
Dihydrocodeinone; its salts
Diloxanide Furoate
Dihydomorphine; its salts; its esters and ethers; their salts
Dimenoxadole; its salts
Dimepheptanol; its salts; its esters and ethers; their salts
Dimepropion
Dimercaprol
Dimethothiazine mesylate
2, 5-Dimethoxy-oc, 4-dimethylphenethylamine; its salts
3-(1, 2-Dimethylheptyl-1-hydroxy-7, 8, 9, 10-tetrahydro-6 6, 9 -trimethyl-6H dibenzo (b,d) pyran (DMHP)
Dimethylthiambutene; its salts
N, N-Dimethyltryptamine (DMT); its salts
Dimethyltubocurarine; its salts
Dimitrothymols
Dinitronaphathols
Dinitrophenols
Dioxaphetyl butyrate; its salts
Diperdone; its salts
Diphenoxylate; its salts
Dipipanone; its salts
Disopyramide
Distigmine; its salts
Disulfiram
Disulphamide
Dithienylyllylamines; dithienyalalkylallyamines; their salts
Dopamine; its salts
Dothiepin; its salts
Doxapram; its salts
Doxepin; its salts
Doxorubicin; its salts
Drotebanol
Dyflos
Ecotiope iodine
Ectylurea
Edrophonium chloride
Elaterin
Emepronium chloride
Embutramide
Emylecamate
Erythritol tetranitrate
Estramustine phosphate
Etafedrine; its salts
Ethacrylic acid; its salts
Ethambutol; its salts
Ethamivan
Ethamsylate
Ethclorvynol
Ethenebicid
Ethinamate
Ethionamide
Ethoglucid
Ethoheprazine; its salts
Ethosuximide
Ethylthiamutene
Ethylmorphine; its salts; its ester and ethers; their salts
Etonitazene; its salts
Etorphine; its salts; its esters and ethers; their salts
Etoxeridine; its salts
Fazadinium bromide
Fencamfamin; its salts
Fenfluramine; its salts
Fenoprofen; its salts
Fenoterol
Fentanyl; its salts
Flavoxate; its salts
Fluanisone
Flufenamic acid; its salts; its esters; their salts
Fluoracetamide
Fluoroacetyl fluoride
Fluorouracil; its salts
Flupenthixol; its salts
Fluprostrenol; its salts
Flurbiprofen
Fluspirilene
Frusemide
Furaltadone
Furazolidone
Furethidine
Gallamine; its salts; its quarternary compounds
Glibenclamide; its salts
Glibornuride; its salts
Glipizide
Glutethimide; its salts
Glymidine
Guanethidine; its salts
Guanethidine, the following —
  polymethylene diguanidines di-p-anisyl-p-phenetylamidine
Guanoclor; its salts
Guanoxan; its salts
Haloperidol and other 4-substituted derivatives of N-(3-p-fluorobenzoyl-
  propyl) piperidine
Heparin
Hexachlorophene
Hexamethonium; its salts
Hexapropymate
3-Hexyl-hydroxy-7,8,9,10-tetrahydro-6,6,9-trimethyl 6H-dibenzo (b,d)
  pyran (parahexyl)
Hydralazine; its salts
Hydrazines, benzyl, phenethyl and Phenoxethyl their oc methyl de-riva-
  tives; acyl derivatives of any of the foregoing substances comprised in
  this item; salts of any compounds comprised in this item
Hydrocodone; its salts
Hydrocyanic acid; cyanides, other than ferrocyanides and ferricyanides
Hydromorphinol; its salts; its esters and ethers; their salts
Hydromorphone; its salts; its esters and ethers; their salts
Hydroxychinonic acids, derivatives of; their salts; their esters
Hydroxy-N, N-dimethyltryptamines; their esters or ethers, any salt of any
  substance falling within this item
Hydroxyphenidene; its salts; its esters and ethers; their salts
Hydroxyurea
Hydroxyzine; its salts
Ibuprofen
Idoxuridine
Imipramine
Indomethacin; its salts
Insulin
Iprindole; its salts
Iproniazid; its salts
Isoaminile; its salts
Isoxcarboxazid; its salts
Isoetharine; its salts
Isomethadone (isoamidone); its salts
Isoniazid; its salts
Isomethadone (isoamidone); its salts
Isoniazid; its salts; its derivatives; their salts
Isoprenaline; its salts
Isopropamide iodide
Ketamine; its salts
Ketobemidone; its salts; its esters and ethers; their salts
Ketoprofen
Khellin
Labetolol hydrochloride
Lactride
Laudexium; its salts
Lead acetates; compounds of lead acids from fixed oils
Levodopa; its salts
Levomethorphan; its salts
Levomoramide; its salts
Levophenacylmorphan; its salts; its esters and ethers; their salts
Levorphanol; its salts; its esters and ethers; their salts
Lignacaine; its salts
Lithium carbonate; sulphate
Lofepramine
Loperamide; its salts
Lysergamide
Lysergide and other N-alkyl derivatives of lysergamide; their salts, their quaternary compounds
Mannityl hexanitrate; dimesylate
Mannoumustine; its salts
Maprotiline; its salts
Mazindol
Mebanazine; its salts
Mebendazole
Mebeverine hydrochloride
Mebezonium iodide
Mebutamate
Mecamylamine; its salts
Meclofenoxate; its salts
Mefenamic acid; its salts; its esters; their salts
Mefruside
Melphalan
Mepenzolate bromide
Mepivacaine hydrochloride
Mephenesin; its esters
Meprobamate
Mercaptopurine; its salts; derivatives of mercaptopurine; their salts
Mercury, oxides of; nitrates of mercury; mercuric ammonium chlorides;
potassiummercuric iodides; organic compounds of mercury which contain
a methyl (CH₃) group directly linked with the mercury atom; mercuric
oxycyanides; mercuric thiocyanate
Mersalyl
Metaraminol tartrate
Metaxalone
Metazocine; its salts; its esters and ethers; their salts
Metformin; its salts
Methadone (amidone); its salts
Methadyl acetate; its salts
Methanthelminium bromide
Methaqualone; its salts
Methidilazine hydrochloride
Methimazole
Methixene; its salts
Methocarbamol
Methotrexate
Methoxamine hydrochloride
Methoxsalen
Methoxyphenamine; its salts
Methsuximide
Methylaminohexane; its salts
Methyldesorphine; its salts; its esters and ethers; their salts
Methyldihydromorphine; its salts; its esters and ethers; their salts
Methyldopa
Methyldopate; its salts
2-Methyl-3-morpholino-1, 1-diphenyl-propane carboxylic acid; its salts; its
esters; their salts
Methylpentynol; its esters and other derivatives oc-Methylphenethylamine,
B-methylphenethylamine and oc-ethylphenethylamine; any synthetic
compound structurally derived from any of those substances by substitu-
tion in the aliphatic part or by ring closure therein (or by both such
substitution and such closure) or by substitution and such aromatic ring
(with or without substitution at the nitrogen atom), except ephedrine, its
optical isomers and H-substituted derivatives, fenfluramine,
hydroxyamphetamine, methoxyphenamine, phenylpropanolamine,
pholedrine and prenylamine; any salt of substance falling within this
item
1-Methyl-4-phenylpiperidine4-carboxylic acid, esters of; their salts
Methylphenidate; its salts
Methyprylon
Metclopramide; its salts
Metolazone
Metomidate hydrochloride
Metopon; its salts; its esters and ethers; their salts
Metoprolol tartrate
Metyrapone
Mexizetine hydrochloride
Mianserine hydrochloride
Mitobronitol
Mitopodozide; its salts
Molindone; its salts
Monofluoracetic acid; its salts
Morazone
Morinamide; its salts
Morpheridine; its salts
Morphine methobromide; morphine N-oxide and other pentavalent nitrogen morphine derivatives
Mustine and any other N-substituted derivatives of di (2-chloroethyl)amine; their salts
Myrophine; its salts
Nafidrofuryl; its salts
Nalidixic acid; its salts; its esters and salts of each esters
Nalorphine; its salts
Naloxone; its salts
Naphazoline; its salts
Naproxen
Neostigmine; its salts
Nialamide; its salts
Nicocodine; its salts
Nicodicodine; its salts
Nicomorphine; its salts
Nicoumalone
Nifedipine
Nifenazone
Nikethamide
Nitrofurantoin
Nitrofurazone
Nitromin
m-Nitrophenol; o-nitrophenol; p-nitrophenol
Nitroprusside; its salts
Noracymethadol; its salts
Norcodeine; its salts; its esters and ethers; their salts
Norlevorphanol; its salts; its esters and ethers; their salts
Normethadone; its salts
Normorphine; its salts; its esters and ethers; their salts
Norpipanone
Nortriptyline its salts
Nux vomica
Opipramol; its salts
Opium
Orciprenaline; its salts
Orthocaine; its salts
Ouabain
Oxalic acid; metallic oxalates
Oxamniquine
Oxadrine Tartrate
Oxethazine; its salts
Oxolinic acid
Oxprenolol; its salts
Oxybuprocaine hydrochloride
Oxycinchoninic acid; its derivatives; their salts; their esters
Oxycodone; its salts; its esters; their salts
Oxymorphone; its salts; its esters and ether; their salts
Oxyperin; its salts
Oxyphenbutazone
Oxyphenonium bromide
Oxytoxins, natural and synthetic
Pancuronium; its salts
Papaverine; its salts
Paraldehyde
Paramethadione
Parathyroid gland
Paroxetine; its salts
Pemoline; its salts
Pemipidine; its salts
Penicillamine; its salts
Pentazocine; its salts
Pentazinel methobromide
Pentolinium; its salts
Perhexiline; its salts
Pethidine; its salts
Phenacaine hydrochloride
Phenacetamide
Phenadoxone; its salts
Phenaglycodol
Phenamproplide
Phenacetine; its salts; its esters and ethers; their salts
Phenbutrazate
Phenylclidine; its salts
Phendimetrazine
Phenelzine; its salts
Phenethylamine and derivatives
Phenetidylphenacetin
Pheneturide
Phenformin; its salts
Phenindione
Phenmetrazine; its salts
Phenol and its homologues and preparations containing 60 per cent or more
W/W phenol or its equivalent
Phenomorphan; its salts; its esters and ethers; their salts
Phenoperidine; its salts; its esters and ethers; their salts
Phenothiazine, derivatives of; their salts; except dimethoxanate; its salts,
and promethazine, its salts and its molecular compounds
Phenoxybenzamine hydrochloride
Phenoxypropazine; its salts
Phenprocoumin
Phensuximide
Phentermine; its salts
Phenybutazone; its salts
2-Phenylynchoninic acid; 2-salicyleinchoninic; their esters
5-Phenylyhydantoin; its alkyl and aryl derivatives; their salts
4-Phenylpiperidine-4-carboxylic acid ethyl ester; its salts
Phenylpropanolamine hydrochloride
Pholcodine; its salts; its esters and ethers; their salts
Phosphorus, yellow
Physostigmine; its salts
Picric acid
Picrotoxin
Pilocarpine; its salts and quaternary compounds
Pimidodine; its salts
Pimozide; its salts
Pindolol
Pipermzolate bromide
Piperidolate hydrochloride
Pipradol; its salts; its esters and ethers
Piracetam
Pititramide; its salts
Pituitary gland, the active principles of
Pizotifen; its salts
Podophyllum and podophyllum resin
Poldine methylsulphate
Polidexide; its salts
Polymethylenebistrimethylammonium salts
Poppy-straw and concentrate of poppy-straw
Practolol
Prazosin; its salts
Prenylamine lactate
Prilocaine hydrochloride
Primidone
Prindolol
Probenecid
Procainamide; its salts
Procaine; its salts
Procarbazine; its salts
Prochlorperazine; its salts
Procyclidine; its salts
Prochepazine; its salts
Prolintane hydrochloride
Promazine; its salts
Promoxolan
Pronethalol; its salts
Propanidid
Propantheline bromide
Properidine; its salts
Propiram
Propoxyphene; its salts
Propranolol, its salts
Propylhexedrine; its salts
Prostaglandins
Protamine; its salts
Prothionamide; its salts
Prothipendyl; its salts
Protriptyline; its salts
Protirelin
Psilocin
Psilocybin
Pyrazinamide; its salts
Pyridostigmine bromide
Quinethazone
Quinidine; its salts
Quinine; its salts
Racemethorphan; its salts
Racemoramide; its salts
Racemorphan; its salts; its esters and ethers; their salts
Rafoxanide
Rauwolfia, alkaloids of; their salts; derivative of rauwolfia alkaloids; their salts
Razoxane
Rimiteral; its salts
Ritodrine hydrochloride
Salbutamol; its salts
Salmefamol
Savin, oil of
Selenium sulphide
Sodium cromoglycate
Sodium fluoride
Sodium valproate
Solapson
Sotalol; its salts
Spironolactone
Strophanthus; glycosides of strophanthus
Styramate
Sulphinpyrazone
Sulphonol; alkyl sulphonals
Sulpride
Suprarenal gland medulla, the active principles of; their salts
Suxamethonium; its salts
Syrosingopine
Tacrin hydrochloride
Tamoxifen; its salts
Terbutaline; its salts
Terabenazine; its salts
Thalidomide; its salts
Thallium; its salts
Thebacon; its salts
Thiacetazone
Thiambutene
Thiambutozine
Thiocarlide; its salts
Thioguanine
Thiopentane
Thiotepa; its salts
Thiothixene
Thiouracil; its alkyl derivatives
Thymoxamine hydrochloride
Thyroid gland, the active principles of; their salts
Tilidine
Timolol; its salts
Tofenacin; its salts
Tolazamide; its salts
Tolbutamide; its salts
Tranexamic acid
Tranylcypromine; its salts
Tretamine; its salts
Triamterene
Triaziquone
Tribromethyl alcohol
2, 2, 2-Trichloroethyl alcohol, esters of; their salts
Trimeperidine; its salts
Trimetaphan; its salts
Trimethoprim
Trimipramine; its salts
Troxidone
Tryptamine and derivatives
Tubocurarine chloride
Tybamate
Urethane
Urokinase
Tasopressine, natural and synthetic
Verapamil; its salts
Viloxazine; its salts
Vincristine; its salts
Warfarin; its salts
Yohimbine; its salts and quaternary compounds Zoxazolamine; its salts

PART II

Acetic Acid
Aldicarb
Aluminium phosphide
Amitraz
Ammonia
Ammonium chlorate
Ammonium perchlorate
Arsenical substances, the following —
    Arsenic sulphides
    Arsenious oxide
    Calcium arsenites
    Copper acetoarsenite
    Copper arsenites
    Copper arsenates
    Lead arsenates
    Potassium arsenites
    Sodium arsenates
    Sodium arsenites
    Sodium thioarsenates
Barium; salts of, the following —
    Barium carbonate
    Barium silicofluoride
    Benzene
Benzidine
Carbofuran
Chlorinated hydrocarbons, the following —
Aldrin
Banzoximate
Benzene Hexachloride (BHC) (HCH)
Bromocycelen
Camphenechlor
Captafol
Captan
Chlorbenside
Chlorbicyclen
Chlordane
Chlordecone
Chlordimeform
Chlorfenethol
Chlorfenoson
Chlorfensulphide
Chlorobenzilate
Chloromembuform
Chloropropylate
Diophane (DD T)
PP’ DD T
Diofpol
Dieldrin
Dienochlor
Diffubenzuron
Endosulfan
Endrin
Fenazaflor
Fenson
Fluorbenzide
Folpet
Gamma benzene hexachloride (Gamma-BHC)
HEOD
HHDN
Heptachlor
Isodrin
Kelevan
Methoxychlor (methoxy-DD T) (1, 1, 1-trichloro-2, 2-di-(p-methoxyphe-
nyl) ethane)
Quintozene
TDE (Tetachlordiphenylethane)
Tetradifon
Tetrasul
Toxaphene
Allied chlorinated hydrocarbon compounds used as pesticides (insectici-
cides, acaricides, etc.)
Chlorinate phenols; their salts
Chloropicrin
Chloronquat
Cyclohexamidine
Cyhexatin
Decarbafuran
Diamines, the following; their salts
   Phenylene diamines
   Tolylene diamines
   other alkylated benzene diamines
Dimethrin
Dimetilan
Dinitrocreols (DNOG); their compounds with a metal or base
Dinosam; its compounds with a metal or a base
Dinoseb; its compounds with a metal or a base
Dioxacarb
Diphenyl
Diquat; its salts
Drazoxolon; its salts
Endothal; its salts
Ethoxiquin
Formaldehyde
Formetanate
Formic acid
Fluenitil
Hydrochloric Acid
Hydrofluoric acid; alkali metal bifluorides; ammonium bifluoride; potassium fluoride; potassium silicofluoride; silicofluoric acid; sodium silicofluoride;
Lead tetra-ethyl and similar lead containing compounds
Malonbben
Mercuric chloride; mercuric iodide; organic compounds of mercury except compounds which contain a methyl (CH₃) group directly linked to the mercury atom
Metallic oxalates
Metanil yellow (sodium salt of metanilylazodiphenylamine)
Methomyl
Methyl bromide
Niclofolan
Nicotine; its salts
Nitric acid
Nitrobenzene
Nitrobenzol
Orange II (sodium salts of p-(2-hydroxy-1-naphthylazo) benzene sulphonic acid
Organo-tin compounds, the following —
   compounds of fentin
Paraquat; salts of
Phenols as defined in Part I of this list in substances containing less than 60 per cent, w/w, of phenols, compounds of phenol with a metal in substances containing less than 60 per cent, w/w, of phenols
Phosphoric acid
Phosphorous compounds, the following ó
Any substance derived from the molecule H₃ PO₄ by substitution of any of the hydrogen or oxygen atoms and used as pesticides (insecticides, acaricides, etc.) excepting —
bromophos
bromophos-ethyl
2-chloro-1-(2, 4, 5-trichlorophenyl) vinyldimethyl phosphate
diazinon
dimethoate
dipterex
Penchlorphos
fenitrothion
fenthion
malathion
0, 0, 0’ 0’’-tetramethyl 0, 0’-thiodi-p-phenylene phosphorothioate pirimi- 
phos-methyl
Potassium chlorate
Potassium hydroxide
Potassium perchlorate
Sodium 4-(dimethylamino) benzene-diazosulphonate
Sodium chlorate
Sodium hydroxide
Sodium nitrite
Sodium perchlorate
Sulphuric acid
Zinc phoshide
