

## Resolution on the Terms and Conditions for Use of the ICRI logo

*This resolution was approved by the ICRI members at the ICRI General Meeting held in Cozumel, Mexico (22-23 October 2006)*

The ICRI logo is available to ICRI Secretariat and ICRI members wishing to use it for their related materials, websites and publications under below terms and conditions:

1. The approved ICRI logo is that logo for which the versions are given at **Annex 1** including Black & White and their reversed versions, and only the approved versions may be used.
2. In order to maintain its visual integrity, only the copy from the master ICRI logo provided from the ICRI Secretariat should be used. The logo should not be reproduced from other sources.
3. Use of the logo refers to the use of both the approved logo in itself and/or the use of elements of the logo (including, but not limited to, the "wave device" at the foot of the logo).
4. Current Resolution does not restrict the application of the "wave device" to new logos by organisations, programs or activities associated with ICRI, and use of such logos by these units including existing partners (i.e., CORDIO, GCRMN, ICRAN, IFRECOR).
5. The organization's name should be International Coral Reef Initiative or abbreviated as ICRI.
6. The logo could be used as a hyperlink when used for the web site but it must not link to anywhere other than the home page of ICRI's official web site (ICRIForum: [www.icriforum.org](http://www.icriforum.org)).
7. The logo can only be used for materials that support the aims and objectives of ICRI as per the Call to Action, Renewed Call to Action and Framework for Action.
8. Any application of the logo needs to be reviewed and approved by the Host Secretariat. Application of the logo is restricted to below cases.

- ICRI official documents, including General Membership Resolutions, General Membership Decisions, ICRI Internal Reports, ICRI Reports, ICRI Secretariat Advisories, and Host Secretariat Correspondence.
- ICRI official web site, ICRI Operational Network's web site, and ICRI page which the Host Secretariat is hosting on their web site.
- printed materials and websites related to events and meetings that ICRI hosts or co-hosts.
- hyperlinks to ICRIForum on the web.
- publications endorsed by ICRI (i.e., ICRI brochures, ICRI posters, ICRI Operational Networks).
- printed materials and websites including those produced in non-English language for outreach and awareness purposes that introduce and/or promote ICRI. Request for use of the logo should be forwarded through the ICRI focal points. The contents of such materials should follow the descriptive contents of ICRI official publications. The Secretariat will circulate the draft on ICRIForum for member's comment prior to approval.
