

# Table of Contents

Preface .....	4
<b>1 Distribution of coral reefs .....</b>	<b>9</b>
1 - 1 Hermatypic corals of Japan .....	10
1 - 2 Coral reef landforms in japan .....	14
1 - 3 Distribution of coral reef communities .....	23
<b>2 Coral reef disturbances .....</b>	<b>41</b>
2 - 1 Global environmental change and coral bleaching .....	42
2 - 2 Predation damage to corals .....	49
2 - 3 Coral diseases .....	56
2 - 4 Direct impacts of coastal development .....	60
2 - 5 Terrestrial inflow of soils and nutrients .....	64
2 - 6 Inappropriate activities around coral reefs .....	69
Coral reef degradation and sustainable use in the Yaeyama Archipelago, Okinawa: A Study of Lift-Net Fishery and Fishermen's Perspectives and Opinions	
<b>3 Coral reef monitoring .....</b>	<b>77</b>
3 - 1 Coral monitoring in Japan .....	78
3 - 2 Remote sensing of coral reefs in Japan .....	89
<b>4 Sustainable use and conservation of coral reefs .....</b>	<b>105</b>
4 - 1 Coral reef conservation and management in Japan .....	106
4 - 2 Legal systems .....	110
4 - 3 Environmental education related to coral reefs .....	113
4 - 4 Fishery .....	117
4 - 5 Tourism .....	122
4 - 6 International Cooperation .....	129

<b>5</b>	<b>Coral reef restoration</b> .....	<b>137</b>
5 - 1	Restoration techniques .....	138
5 - 2	Approaches for restoring coral reef ecosystems .....	146
<b>6</b>	<b>Status of coral reefs around the country</b> ...	<b>153</b>
6 - 1 - 1	Ogasawara Islands .....	158
6 - 1 - 2	Osumi Islands and Tokara Archipelago .....	164
6 - 1 - 3	Amami Archipelago .....	170
6 - 1 - 4	Okinawa Islands .....	178
6 - 1 - 5	Daito Islands .....	198
6 - 1 - 6	Miyako Archipelago .....	202
6 - 1 - 7	Yaeyama Archipelago .....	210
6 - 2 - 1	Boso Peninsula, Izu Peninsula and Izu Islands .....	230
6 - 2 - 2	Sea of Japan .....	240
6 - 2 - 3	Kii Peninsula .....	250
6 - 2 - 4	Shikoku .....	258
6 - 2 - 5	Kyusyu .....	270
	<b>Appendix</b> .....	<b>287</b>

Appendix 1 Related statistic data of coral area

- 1 - 1 Meteorological Data
- 1 - 2 Population and Number of Households
- 1 - 3 Number of employed in each industry
- 1 - 4 Number of tourists visited
- 1 - 5 Fishery Statistics
- 1 - 6 Protected Areas
- 1 - 7 Additional information on the Daito Islands and Sea of Japan

Appendix 2 The 5th National Survey on the Environment

Appendix 3 Spot Check method for coral reef survey

Appendix 4 A list of Hermatypic corals in Japan

Appendix 5 Japanese Organizations related to coral reef study and conservation

Appendix 6 Cited References

Appendix 7 Authors

 **Column**

Coral Reefs on the Border .....	20
Unique Genetic Properties of Acroporids .....	40
Toward the revival of Miyakejima after the latest volcanic eruption .....	103
Spawning behavior of brooders .....	134
Mass spawning of Acroporids .....	150
Living on coral reef atolls - Human induced vegetation changes .....	176
Coral reef development near cities .....	194
Folkcraft of Okinawan coral reefs .....	196
Geographical features and use of Ryukyu limestone .....	209
A glimpse of coral reef studies in pre-westernized Japan .....	282
Reef Check in Japan .....	284
International Coral Reef Research and Monitoring Center —For conservation of coral reefs in Japan and the world ...	286
