

Fourth Meeting of the Regional EST Forum in Asia

The Ministry of the Environment, Japan, the United Nations Centre for Regional Development (UNCRD), the Ministry of Land, Transport and Maritime Affairs, Korea will jointly organize the Fourth Meeting of the Regional EST (Environmentally Sustainable Transport) Forum in Asia.

The Regional EST Forum in Asia, organized by the Government of Japan together with UNCRD, is a high-level policy dialogue among governments in Asian nations with the objection of achieving Environmentally Sustainable Transport (EST) in the region.

The Ministry of the Environment, Japan in cooperation with related organizations, will continue to support activities towards the achievement of EST with a focus on the Asian region.

Date:

February 24-26, 2009

Place:

Seoul, Republic of Korea

Organizers:

Ministry of the Environment, Japan

United Nations Centre for Regional Development (UNCRD)

Ministry of Land, Transport and Maritime Affairs, Korea

Participants:

High-level government representatives from Asian nations

Academic experts in transportation and environment fields

Representatives from international organizations

*Outline of program, coverage procedure, and other detailed information will be made available as soon as they are finalized.
