

(Sheet 1) Sino-Japan Low-Carbon Society Forum 2010 Program

Time	Details and Lecturers
8:30	Open
<b>Session 1 Direction of Strategy and Policy for Low-carbon Society Development</b> Facilitator: Mr. Chang Miao (Director, Division of Environmental Management and Policy, Department of Environmental Science and Engineering)	
9:00 – 9:20	Mr. Tetsushige Nishio (Senior Consultant to the Ministry of the Environment) Commencement of Sino-Japan Low-carbon Joint Study
9:20 – 9:40	Prof. Kunmin ZHANG (Former Deputy Administrator of State Environmental Protection Administration, Former Secretary General of China Council for International Cooperation on Environment and Development, Senior Adviser of Division of Environmental Management and Policy, Tsinghua University) Necessity, Challenges and Strategy for Establishing a Low-carbon Economy in China
9:40 – 9:50	Break
<b>Session 2 Study Subjects for Low-carbon Society Development</b> Facilitator: Prof. Hidefumi Imura (Graduate School of Environmental Studies, Nagoya University)	
9:50 – 10:10	Prof. Ji ZOU, Deputy Dean, School of Environment and Natural Resources, Renmin University of China)
10:10 – 10:30	Prof. Seiji Ikkatai (Research Center for Advanced Policy Studies, Kyoto University) Issues on Japanese Climate Change Policies and a Vision for a Low-carbon Social Economy
10:30 – 10:50	Prof. Jinnan WANG (Vice President, Chinese Academy for Environmental Planning; Chairman, Professional Association for China's Environment) A CO2 Emission Control System for Achieving CO2 Emission Reduction Goals
10:50 – 11:10	Mr. Junichi Fujino (Researcher, Climate Policy Assessment Research Section, National Institute for Environmental Studies) Scenarios for a Low-carbon Society (LCS) in Japan in 2050
11:10 – 11:30	Prof. Xiulian HU (Research Professor, Energy Research Institute, National Development and Reform Commission, China) A Low-carbon Model toward 2050 in China
11:30 – 11:50	Prof. Guiyang ZHUANG (Research Professor of Institute for Urban & Environmental Studies, Chinese Academy of Social Sciences, Deputy Secretary of Research Center for Sustainable Development) Evaluation Indicators for Low-carbon Cities and Case Studies – The Cases of Jilin City and Guangyuan City
11:50 – 13:30	Lunch
<b>Session 3 Chinese Local Government Approaches</b> Facilitator: Prof. Tianzhu ZHANG (Division of Environmental Management and Policy, Tsinghua University)	
13:30 – 13:50	Mr. Hideo Naito (Executive Director, Environment Bureau, City of Kitakyushu) Experiences in Establishing an Environmental Model City in Kitakyushu
13:50 – 14:10	Prof. Wenquan RUAN (Professor, Deputy Dean, School of Environment and Civil Engineering, Jiangnan

	University; Director, Low Carbon City Development Research Center of Wuxi, China)The Wuxi Low-carbon City Plan
14:10 – 14:30	Prof. Jun WANG (General – engineer of China Qingdao Environmental Protection Bureau) Approach to Establishing a Low-carbon City in Qingdao
14:30 – 14:50	Mr. Shigeru Inoue (Deputy General Manager, Area Planning Office, Mitsubishi Estate Co., LTD.) Approach to the Development of a Low-carbon District around the Tokyo Station Area (Ootemachi, Marunouchi and Yurakucho)
14:50 – 15:10	Dr. Yong CHEN (Director, Financial Service Office of Dongcheng District, Beijing Municipal Government) A Vision for Low-carbon Industrial Development in Beijing’s Dongcheng District and Establishment of a Low-carbon Financial Center
15:10 – 15:20	Break
<b>Session 4 Corporate Approaches</b>	
Facilitator : Mr. Kenji Someno (Research Fellow, Project Manager, Policy Research Division, The Tokyo Foundation)	
15:20 – 15:40	Mr. Tsunehiko Nakagawa (Vice President, Nissan (China) Investment Co. Ltd.) Nissan’s Efforts toward the Development of Electric Vehicles for CO2 Emission Reduction
15:40 – 16:00	Mr. Risheng LI (Vice President of Linuo Group Holding Co., Ltd.) The Role of Solar Power in a Low-carbon Economy
16:00 – 16:20	Mr. Li Xiao (Corporate Executive Officer, Electrical Construction Engineering Business Division, General Manager, Panasonic Electric Works China Co.,Ltd.) Introduction to an Environmental Friendly and Energy-saving Type of Building Light
16:20 – 16:40	Ms Xun GONG (Environmental Conscious Product Assistant Engineer, Global Desktop Development Lab., Lenovo China) Introduction to Case Examples in the Renovo Group
16:40 – 17:00	Prof. Dapeng CUI (General Secretary of Sustainable Development Center, Low-Carbon Economy Group, East-West Think Tank Information Center) Highlights of Innovation in Low-carbon Development in Chinese Cities and Companies
17:00 – 17:10	Closing remarks (Japan: Mr. Tetsushige Nishio; China: Prof. Kunmin ZHANG)
