## **Technical Information Sheet**

1	
1. Name of technology	Waste crusher(Cross Flow Shredder)
2. Type of technology	This technology provides a separator, peeler, and shredder that perform pre-treatment of waste for material recycling.
3. Description of technology	
Objective, application, characteristics, delivery record, and price of technology	[Objective and application of the technology] This system peels, separates, and shreds waste to produce materials that can easily be sorted and recycled.
	[Characteristics of the technology] Sequencing batch-type chain crusher.
	Suitable for separating and peeling composite
	and bonded materials.
	Can create separated and shredded waste
	in different forms depending on the materials
	processed and purpose of sorting.
	[Delivery record] Our Cross Flow Shredders have been delivered to
	more than 30 home appliance and metal waste
	recycling companies.
	[Price and other inquiries] We offer cost estimates on request.

4. Classification of	
technology	
(1) Applicable fields	Municipal solid waste treatment, Industrial waste treatment, Hazardous waste treatment, Recycling
(1) Applicable fields	Recycling  Waste plastic, Plastic bottles, Steel cans, Aluminum cans, Styrene foam, Food waste/ raw garbage, Construction waste, Electric home appliances, Electronic products, Cellular
(1) Applicable fields (2) Target waste	Recycling  Waste plastic, Plastic bottles, Steel cans, Aluminum cans, Styrene foam, Food waste/ raw garbage, Construction waste, Electric home appliances, Electronic products, Cellular phones, Automobiles, Dry cell/ lead batteries, Medical waste, Other
<ul> <li>(1) Applicable fields</li> <li>(2) Target waste</li> <li>(3) Services provided</li> <li>5. Countries to which this technology</li> </ul>	Recycling  Waste plastic, Plastic bottles, Steel cans, Aluminum cans, Styrene foam, Food waste/ raw garbage, Construction waste, Electric home appliances, Electronic products, Cellular phones, Automobiles, Dry cell/ lead batteries, Medical waste, Other  Plant construction, Sales of machinery and equipment
<ul> <li>(1) Applicable fields</li> <li>(2) Target waste</li> <li>(3) Services provided</li> <li>5. Countries to which this technology can be provided</li> </ul>	Recycling  Waste plastic, Plastic bottles, Steel cans, Aluminum cans, Styrene foam, Food waste/ raw garbage, Construction waste, Electric home appliances, Electronic products, Cellular phones, Automobiles, Dry cell/ lead batteries, Medical waste, Other  Plant construction, Sales of machinery and equipment  China, South Korea, Southeast Asia  Crushing, crusher, shredding, separation, peeling, small home appliance, rare metal, rare earth metal, Cross Flow Shredder
<ul> <li>(1) Applicable fields</li> <li>(2) Target waste</li> <li>(3) Services provided</li> <li>5. Countries to which this technology can be provided</li> </ul>	Recycling  Waste plastic, Plastic bottles, Steel cans, Aluminum cans, Styrene foam, Food waste/ raw garbage, Construction waste, Electric home appliances, Electronic products, Cellular phones, Automobiles, Dry cell/ lead batteries, Medical waste, Other  Plant construction, Sales of machinery and equipment  China, South Korea, Southeast Asia  Crushing, crusher, shredding, separation, peeling, small home appliance, rare metal, rare
<ul> <li>(1) Applicable fields</li> <li>(2) Target waste</li> <li>(3) Services provided</li> <li>5. Countries to which this technology can be provided</li> <li>6. Keywords</li> </ul>	Recycling  Waste plastic, Plastic bottles, Steel cans, Aluminum cans, Styrene foam, Food waste/ raw garbage, Construction waste, Electric home appliances, Electronic products, Cellular phones, Automobiles, Dry cell/ lead batteries, Medical waste, Other  Plant construction, Sales of machinery and equipment  China, South Korea, Southeast Asia  Crushing, crusher, shredding, separation, peeling, small home appliance, rare metal, rare earth metal, Cross Flow Shredder  Person in charge: Motoo Sato, Environment Group, Tokyo Sales Office, Sato Tekko Co., Ltd.
