Environment Department, Hyogo Prefectural Government and Hyogo Prefectural Institute of Environmental Sciences, Hyogo Environmental Advancement Association , Water and Air Division, Environment Department, Hyogo Prefectural Government and Green and Nature Section, Urban Transportation Department, Itami City, Environmental Conservation Division, Environment Bureau, Kobe City and Kobe City Institute of Health and Environmental Science, Nara Prefecture Landscape and Environment Center, Wakayama Prefectural Research Center of Environment and Public Health, Environmental Policy Division, Department of Environment and Consumer Affairs, Tottori Prefecture and Tottori Prefectural Institute of Public Health and Environmental Science, Shimane Prefectural Institute of Public Health and Environmental Science and Oki Public Health Center, Okayama Prefectural Institute for Environmental Science and Public Health, Hiroshima Prefectural Technology Research Institute Health and Environment Center, Hiroshima City Institute of Public Health, Environmental Policy Division, Public Environmental Affairs Department, Yamaguchi Prefectural Government and Yamaguchi Prefectural Institute of Public Health and Environment, Tokushima Prefectural Public Health, Pharmaceutical and Environmental Sciences Center, Kagawa Prefectural Research Institute for Environmental Sciences and Public Health, Ehime Prefectural Institute of Public Health and Environmental Science, Kochi Prefectural Environmental Research Center, Fukuoka Institute of Health and Environmental Sciences, Kitakyushu City Institute of Health and Environmental Sciences, Fukuoka City Institute for Hygiene and the Environment, Saga Prefectural Environmental Research Center, Prefectural Living Environment Division, Environment Bureau, Nagasaki Prefecture, Kumamoto Prefectural Institute of Public-Health and Environmental Science, Environment Preservation Division, Department of Environment, Oita Prefectural Government and Oita Prefectural Institute of Health and Environment, Miyazaki Prefectural Institute for Public Health and Environment, Kagoshima Prefectural Institute for Environmental Research and Public Health, Okinawa Prefectural Institute of Health and Environment

Organizations responsible for sampling are described by their official names in FY2022.

Among the analysis-related words used in this document, some are denoted by the commercial name because the appropriate generic name was not found. This does not suggest the recommendation of the use of those products by the Environment Health and Safety Division, Environmental Health Department, Ministry of the Environment of Japan (MOE).
