9 INDUSTRY, INNOVATION
AND INFRASTRUCTURE

Support Economies and Protect Global Biodiversity

An urgent **global infrastructure challenge.**

The roadmap
to **nature
positive
infrastructure
and buildings**
includes
6 priorities.

- 1** Avoid further terrestrial, freshwater and marine habitat conversion.
- 2** Prioritize re-use and retrofitting over demolition.
- 3** Select materials with nature in mind and invest in circularity.
- 4** Drive transformative change by adopting circular material practices.
- 5** Address climate change and nature simultaneously in any project.
- 6** Apply Nature-based solutions (NbS).
