January 23, 2016 (Sat.)

International Symposium

99:00-09:15 Opening Address Ministry of the Environment - Tokyo University of Marine Science and Technology 09:15-09:55 Marine litter: Are there solutions to this global environmental problem? Professor Richard THOMPSON, Plymouth University 09:551:033 Marine plastic pollution : Chemical threat to marine ecosystem Professor Hideshige TAKADA, Tokyo University of Agriculture and Technology 10:35-10:45 Abreak 10:45-11:25 The countermeasures of UNEP and NOWPAP against marine litter. Dr. Alexander TKALIN, Northwest Pacific Action Plan, NOWPAP 11:25-12:05 Marine debris and microplastics in the Korean coastal environment Dr. Sang Hee HONG, Korea Institute of Ocean Science and Technology 12:05-13:10 Abreak 13:10-13:50 Field survey of micro-plastics in two different intertidal sediments of China Dr. Hao CHEN, Chinese Research Academy of Environmental Sciences 13:30-14:40 Abreak 14:30-14:40 Abreak 14:30-14:40 Abreak 14:40-15:20 Current situation of marine litter around Japan Dr. Keichti UCHIDA, Tokyo University of Marine Science and Technology 15:20-16:00 Plastics as a threat to ocean life in the Northeastern Pacific Ocean Dr. Peter S. ROSS, Vancouver Aquarium 16:00-16:10 Abreak 16:00-16:10 Global priorities and risk analysis in marine litter Or granization (CSIRO) 16:50	The venue	: The Large Conference Room (The First Floor of Hakuyo Hall)
Ministry of the Environment · Tokyo University of Marine Science and Technology09:15-09:55Marine litter: Are there solutions to this global environmental problem? Professor Richard THOMPSON, Plymouth University09:55-10:35Marine plastic pollution : Chemical threat to marine ecosystem Professor Hideshige TAKADA, Tokyo University of Agriculture and Technology10:35-10:45Abreak10:45-11:25The countermeasures of UNEP and NOWPAP against marine litter. Dr. Alexander TKALIN, Northwest Pacific Action Plan, NOWPAP11:25-12:05Marine debris and microplastics in the Korean coastal environment Dr. Sang Hee HONG, Korea Institute of Ocean Science and Technology12:05-13:10Abreak13:10-13:50Field survey of micro-plastics in two different intertial sediments of China Dr. Hao CHEN, Chinese Research Academy of Environmental Sciences13:50-14:40KorzLOVSKY, Pacific Geographical Institute of far Eastern Branch of Russian Academy of Sciences14:40-15:20Current situation of marine litter around Japan Dr. Keiichi UCHIDA, Tokyo University of Marine Science and Technology15:20-16:00Plastics as a threat to ocean life in the Northeastern Pacific Ocean Dr. Peter S. ROSS, Vancouver Aquarium16:00-16:10Abreak16:00-16:10Abreak16:00-16:10Abreak16:10-16:50Global priorities and risk analysis in marine litter Dr. Britta Denise Hardesty, Commonwealth Scientific and Industrial Research Organization (CSIRO)16:50-17:20Synthesis of marine debris modeling and observations: recent progress in		Shinagawa Campus, Tokyo University of Marine Science and Technology
Technology09:15-09:55Marine litter: Are there solutions to this global environmental problem? Professor Richard THOMPSON, Plymouth University09:55-10:35Marine plastic pollution : Chemical threat to marine ecosystem Professor Hideshige TAKADA, Tokyo University of Agriculture and Technology10:35-10:45A break10:45-11:25The countermeasures of UNEP and NOWPAP against marine litter. Dr. Alexander TKALIN, Northwest Pacific Action Plan, NOWPAP11:25-12:05Marine debris and microplastics in the Korean coastal environment Dr. Sang Hee HONG, Korea Institute of Ocean Science and Technology12:05-13:10A break13:10-13:50Field survey of micro-plastics in two different intertidal sediments of China Dr. Hao CHEN, Chinese Research Academy of Environmental Sciences13:50-14:40Ocurrent status and measures taken against marine litter in Russia Mr. Nikolay KOZLOVSKY, Pacific Geographical Institute of far Eastern Branch of Russian Academy of Sciences14:40-15:20Current situation of marine litter around Japan Dr. Keiichi UCHIDA, Tokyo University of Marine Science and Technology15:20-16:00Plastics as a threat to ocean life in the Northeastern Pacific Ocean Dr. Peter S. ROSS, Vancouver Aquarium16:00-16:10Abreak16:10-16:50Global priorities and risk analysis in marine litter Dr. Britta Denise Hardesty, Commonwealth Scientific and Industrial Research Organization (CSIRO)16:50-17:20Synthesis of marine debris modeling and observations: recent progress in	09:00-09:15	Opening Address
09:15-09:55Marine litter: Are there solutions to this global environmental problem? Professor Richard THOMPSON, Plymouth University09:55-10:35Marine plastic pollution : Chemical threat to marine ecosystem Professor Hideshige TAKADA, Tokyo University of Agriculture and Technology10:35-10:45A break10:45-11:25The countermeasures of UNEP and NOWPAP against marine litter. Dr. Alexander TKALIN, Northwest Pacific Action Plan, NOWPAP11:25-12:05Marine debris and microplastics in the Korean coastal environment Dr. Sang Hee HONG, Korea Institute of Ocean Science and Technology12:05-13:10A break13:10-13:50Field survey of micro-plastics in two different intertidal sediments of China Dr. Hao CHEN, Chinese Research Academy of Environmental Sciences13:50-14:30Current status and measures taken against marine litter in Russia Mr. Nikolay KOZLOVSKY, Pacific Geographical Institute of far Eastern Branch of Russian Academy of Sciences14:30-14:40A break14:40-15:20Current situation of marine litter around Japan Dr. Keiichi UCHIDA, Tokyo University of Marine Science and Technology15:20-16:00Plastics as a threat to ocean life in the Northeastern Pacific Ocean Dr. Peter S. ROSS, Vancouver Aquarium16:00-16:10A break16:10-16:50Global priorities and risk analysis in marine litter Dr. Britta Denise Hardesty, Commonwealth Scientific and Industrial Research Organization (CSIRO)16:50-17:20Synthesis of marine debris modeling and observations: recent progress in		Ministry of the Environment \cdot Tokyo University of Marine Science and
Professor Richard THOMPSON, Plymouth University09:55:10:35Marine plastic pollution : Chemical threat to marine ecosystem Professor Hideshige TAKADA, Tokyo University of Agriculture and Technology10:35:10:45A break10:45:11:25The countermeasures of UNEP and NOWPAP against marine litter. Dr. Alexander TKALIN, Northwest Pacific Action Plan, NOWPAP11:25:12:05Marine debris and microplastics in the Korean coastal environment Dr. Sang Hee HONG, Korea Institute of Ocean Science and Technology12:05:13:10A break13:10:13:00Field survey of micro-plastics in two different intertidal sediments of China Dr. Hao CHEN, Chinese Research Academy of Environmental Sciences13:50:14:30Current status and measures taken against marine litter in Russia Mr. Nikolay KOZLOVSKY, Pacific Geographical Institute of far Eastern Branch of Russian Academy of Sciences14:40:15:20Current situation of marine litter around Japan Dr. Keiichi UCHIDA, Tokyo University of Marine Science and Technology15:20:16:00Plastics as a threat to ocean life in the Northeastern Pacific Ocean Dr. Peter S. ROSS, Vancouver Aquarium16:00:16:10A break16:00:16:10Global priorities and risk analysis in marine litter Dr. Britta Denise Hardesty, Commonwealth Scientific and Industrial Research Organization (CSIRO)16:50:17:20Synthesis of marine debris modeling and observations: recent progress in		Technology
09:55-10:35Marine plastic pollution : Chemical threat to marine ecosystem Professor Hideshige TAKADA, Tokyo University of Agriculture and Technology10:35-10:45A break10:45-11:25The countermeasures of UNEP and NOWPAP against marine litter. Dr. Alexander TKALIN, Northwest Pacific Action Plan, NOWPAP11:25-12:05Marine debris and microplastics in the Korean coastal environment Dr. Sang Hee HONG, Korea Institute of Ocean Science and Technology12:05-13:10A break13:10-13:50Field survey of micro-plastics in two different intertidal sediments of China Dr. Hao CHEN, Chinese Research Academy of Environmental Sciences13:50-14:30Current status and measures taken against marine litter in Russia Mr. Nikolay KOZLOVSKY, Pacific Geographical Institute of far Eastern Branch of Russian Academy of Sciences14:40-15:20Current situation of marine litter around Japan Dr. Keiichi UCHIDA, Tokyo University of Marine Science and Technology15:20-16:00Plastics as a threat to ocean life in the Northeastern Pacific Ocean Dr. Peter S. ROSS, Vancouver Aquarium16:00-16:10A break16:10-16:50Global priorities and risk analysis in marine litter Dr. Britta Denise Hardesty, Commonwealth Scientific and Industrial Research Organization (CSIRO)16:50-17:20Synthesis of marine debris modeling and observations: recent progress in	09:15-09:55	Marine litter: Are there solutions to this global environmental problem?
Professor Hideshige TAKADA, Tokyo University of Agriculture and Technology10:35-10:45A break10:45-11:25The countermeasures of UNEP and NOWPAP against marine litter. Dr. Alexander TKALIN, Northwest Pacific Action Plan, NOWPAP11:25-12:05Marine debris and microplastics in the Korean coastal environment Dr. Sang Hee HONG, Korea Institute of Ocean Science and Technology12:05-13:10A break13:10-13:50Field survey of micro-plastics in two different intertidal sediments of China Dr. Hao CHEN, Chinese Research Academy of Environmental Sciences13:50-14:30Current status and measures taken against marine litter in Russia Mr. Nikolay KOZLOVSKY, Pacific Geographical Institute of far Eastern Branch of Russian Academy of Sciences14:40-15:20Current situation of marine litter around Japan Dr. Keiichi UCHIDA, Tokyo University of Marine Science and Technology15:20-16:00Plastics as a threat to ocean life in the Northeastern Pacific Ocean Dr. Peter S. ROSS, Vancouver Aquarium16:00-16:10Abreak16:10-16:50Global priorities and risk analysis in marine litter Organization (CSIRO)16:50-17:20Synthesis of marine debris modeling and observations: recent progress in		Professor Richard THOMPSON, Plymouth University
10:35-10:45A break10:45-11:25The countermeasures of UNEP and NOWPAP against marine litter. Dr. Alexander TKALIN, Northwest Pacific Action Plan, NOWPAP11:25-12:05Marine debris and microplastics in the Korean coastal environment Dr. Sang Hee HONG, Korea Institute of Ocean Science and Technology12:05-13:10A break13:10-13:50Field survey of micro-plastics in two different intertidal sediments of China Dr. Hao CHEN, Chinese Research Academy of Environmental Sciences13:50-14:30Current status and measures taken against marine litter in Russia Mr. Nikolay KOZLOVSKY, Pacific Geographical Institute of far Eastern Branch of Russian Academy of Sciences14:40-15:20Current situation of marine litter around Japan Dr. Keiichi UCHIDA, Tokyo University of Marine Science and Technology15:20-16:00Plastics as a threat to ocean life in the Northeastern Pacific Ocean Dr. Peter S. ROSS, Vancouver Aquarium16:00-16:10A break16:10-16:50Global priorities and risk analysis in marine litter Organization (CSIRO)16:50-17:20Synthesis of marine debris modeling and observations: recent progress in	09:55-10:35	Marine plastic pollution : Chemical threat to marine ecosystem
10:45-11:25The countermeasures of UNEP and NOWPAP against marine litter. Dr. Alexander TKALIN, Northwest Pacific Action Plan, NOWPAP11:25-12:05Marine debris and microplastics in the Korean coastal environment Dr. Sang Hee HONG, Korea Institute of Ocean Science and Technology12:05-13:10A break13:10-13:50Field survey of micro-plastics in two different intertidal sediments of China Dr. Hao CHEN, Chinese Research Academy of Environmental Sciences13:50-14:30Current status and measures taken against marine litter in Russia Mr. Nikolay KOZLOVSKY, Pacific Geographical Institute of far Eastern Branch of Russian Academy of Sciences14:40-15:20Current situation of marine litter around Japan Dr. Keiichi UCHIDA, Tokyo University of Marine Science and Technology15:20-16:00Plastics as a threat to ocean life in the Northeastern Pacific Ocean Dr. Peter S. ROSS, Vancouver Aquarium16:00-16:10A break16:10-16:50Global priorities and risk analysis in marine litter Or Britta Denise Hardesty, Commonwealth Scientific and Industrial Research Organization (CSIRO)16:50-17:20Synthesis of marine debris modeling and observations: recent progress in		Professor Hideshige TAKADA, Tokyo University of Agriculture and Technology
Dr. Alexander TKALIN, Northwest Pacific Action Plan, NOWPAP11:25-12:05Marine debris and microplastics in the Korean coastal environmentDr. Sang Hee HONG, Korea Institute of Ocean Science and Technology12:05-13:10A break13:10-13:50Field survey of micro-plastics in two different intertidal sediments of China Dr. Hao CHEN, Chinese Research Academy of Environmental Sciences13:50-14:30Current status and measures taken against marine litter in Russia Mr. Nikolay KOZLOVSKY, Pacific Geographical Institute of far Eastern Branch of Russian Academy of Sciences14:30-14:40A break14:40-15:20Current situation of marine litter around Japan Dr. Keiichi UCHIDA, Tokyo University of Marine Science and Technology15:20-16:00Plastics as a threat to ocean life in the Northeastern Pacific Ocean Dr. Peter S. ROSS, Vancouver Aquarium16:00-16:10A break16:10-16:50Global priorities and risk analysis in marine litter Organization (CSIRO)16:50-17:20Synthesis of marine debris modeling and observations: recent progress in	10:35-10:45	A break
11:25-12:05Marine debris and microplastics in the Korean coastal environment Dr. Sang Hee HONG, Korea Institute of Ocean Science and Technology12:05-13:10A break13:10-13:50Field survey of micro-plastics in two different intertidal sediments of China Dr. Hao CHEN, Chinese Research Academy of Environmental Sciences13:50-14:30Current status and measures taken against marine litter in Russia Mr. Nikolay KOZLOVSKY, Pacific Geographical Institute of far Eastern Branch of Russian Academy of Sciences14:30-14:40A break14:40-15:20Current situation of marine litter around Japan Dr. Keiichi UCHIDA, Tokyo University of Marine Science and Technology15:20-16:00Plastics as a threat to ocean life in the Northeastern Pacific Ocean Dr. Peter S. ROSS, Vancouver Aquarium16:00-16:10A break16:10-16:50Global priorities and risk analysis in marine litter Dr. Britta Denise Hardesty, Commonwealth Scientific and Industrial Research Organization (CSIRO)16:50-17:20Synthesis of marine debris modeling and observations: recent progress in	10:45-11:25	The countermeasures of UNEP and NOWPAP against marine litter.
In Sang Hee HONG, Korea Institute of Ocean Science and Technology12:05-13:10A break13:10-13:50Field survey of micro-plastics in two different intertidal sediments of China Dr. Hao CHEN, Chinese Research Academy of Environmental Sciences13:50-14:30Current status and measures taken against marine litter in Russia Mr. Nikolay KOZLOVSKY, Pacific Geographical Institute of far Eastern Branch of Russian Academy of Sciences14:30-14:40A break14:40-15:20Current situation of marine litter around Japan Dr. Keiichi UCHIDA, Tokyo University of Marine Science and Technology15:20-16:00Plastics as a threat to ocean life in the Northeastern Pacific Ocean Dr. Peter S. ROSS, Vancouver Aquarium16:00-16:10A break16:00-16:10Global priorities and risk analysis in marine litter Dr. Britta Denise Hardesty, Commonwealth Scientific and Industrial Research Organization (CSIRO)16:50-17:20Synthesis of marine debris modeling and observations: recent progress in		Dr. Alexander TKALIN, Northwest Pacific Action Plan, NOWPAP
12:05-13:10A break13:10-13:50Field survey of micro-plastics in two different intertidal sediments of China Dr. Hao CHEN, Chinese Research Academy of Environmental Sciences13:50-14:30Current status and measures taken against marine litter in Russia Mr. Nikolay KOZLOVSKY, Pacific Geographical Institute of far Eastern Branch of Russian Academy of Sciences14:30-14:40A break14:40-15:20Current situation of marine litter around Japan Dr. Keiichi UCHIDA, Tokyo University of Marine Science and Technology15:20-16:00Plastics as a threat to ocean life in the Northeastern Pacific Ocean Dr. Peter S. ROSS, Vancouver Aquarium16:00-16:10A break16:10-16:50Global priorities and risk analysis in marine litter Dr. Britta Denise Hardesty, Commonwealth Scientific and Industrial Research Organization (CSIRO)16:50-17:20Synthesis of marine debris modeling and observations: recent progress in	11:25-12:05	Marine debris and microplastics in the Korean coastal environment
13:10-13:50Field survey of micro-plastics in two different intertidal sediments of China Dr. Hao CHEN, Chinese Research Academy of Environmental Sciences13:50-14:30Current status and measures taken against marine litter in Russia Mr. Nikolay KOZLOVSKY, Pacific Geographical Institute of far Eastern Branch of Russian Academy of Sciences14:30-14:40A break14:40-15:20Current situation of marine litter around Japan Dr. Keiichi UCHIDA, Tokyo University of Marine Science and Technology15:20-16:00Plastics as a threat to ocean life in the Northeastern Pacific Ocean Dr. Peter S. ROSS, Vancouver Aquarium16:00-16:10A break16:10-16:50Global priorities and risk analysis in marine litter Dr. Britta Denise Hardesty, Commonwealth Scientific and Industrial Research Organization (CSIRO)16:50-17:20Synthesis of marine debris modeling and observations: recent progress in		Dr. Sang Hee HONG, Korea Institute of Ocean Science and Technology
In the term of	12:05-13:10	A break
13:50-14:30Current status and measures taken against marine litter in Russia Mr. Nikolay KOZLOVSKY, Pacific Geographical Institute of far Eastern Branch of Russian Academy of Sciences14:30-14:40A break14:40-15:20Current situation of marine litter around Japan Dr. Keiichi UCHIDA, Tokyo University of Marine Science and Technology15:20-16:00Plastics as a threat to ocean life in the Northeastern Pacific Ocean Dr. Peter S. ROSS, Vancouver Aquarium16:00-16:10A break16:10-16:50Global priorities and risk analysis in marine litter Dr. Britta Denise Hardesty, Commonwealth Scientific and Industrial Research Organization (CSIRO)16:50-17:20Synthesis of marine debris modeling and observations: recent progress in	13:10-13:50	Field survey of micro-plastics in two different intertidal sediments of China
Mr. Nikolay KOZLOVSKY, Pacific Geographical Institute of far Eastern Branch of Russian Academy of Sciences14:30-14:40A break14:40-15:20 Current situation of marine litter around Japan Dr. Keiichi UCHIDA, Tokyo University of Marine Science and Technology15:20-16:00 Plastics as a threat to ocean life in the Northeastern Pacific Ocean Dr. Peter S. ROSS, Vancouver Aquarium16:00-16:10A break16:10-16:50 Global priorities and risk analysis in marine litter Dr. Britta Denise Hardesty, Commonwealth Scientific and Industrial Research Organization (CSIRO)16:50-17:20 Synthesis of marine debris modeling and observations: recent progress in		Dr. Hao CHEN, Chinese Research Academy of Environmental Sciences
Image: series of the series	13:50-14:30	Current status and measures taken against marine litter in Russia
14:30-14:40A break14:40-15:20Current situation of marine litter around Japan Dr. Keiichi UCHIDA, Tokyo University of Marine Science and Technology15:20-16:00Plastics as a threat to ocean life in the Northeastern Pacific Ocean Dr. Peter S. ROSS, Vancouver Aquarium16:00-16:10A break16:10-16:50Global priorities and risk analysis in marine litter Dr. Britta Denise Hardesty, Commonwealth Scientific and Industrial Research Organization (CSIRO)16:50-17:20Synthesis of marine debris modeling and observations: recent progress in		Mr. Nikolay KOZLOVSKY, Pacific Geographical Institute of far Eastern
14:40-15:20Current situation of marine litter around Japan Dr. Keiichi UCHIDA, Tokyo University of Marine Science and Technology15:20-16:00Plastics as a threat to ocean life in the Northeastern Pacific Ocean Dr. Peter S. ROSS, Vancouver Aquarium16:00-16:10A break16:10-16:50Global priorities and risk analysis in marine litter Dr. Britta Denise Hardesty, Commonwealth Scientific and Industrial Research Organization (CSIRO)16:50-17:20Synthesis of marine debris modeling and observations: recent progress in		Branch of Russian Academy of Sciences
Image: Problem in the second	14:30-14:40	A break
15:20-16:00Plastics as a threat to ocean life in the Northeastern Pacific Ocean Dr. Peter S. ROSS, Vancouver Aquarium16:00-16:10A break16:10-16:50Global priorities and risk analysis in marine litter Dr. Britta Denise Hardesty, Commonwealth Scientific and Industrial Research Organization (CSIRO)16:50-17:20Synthesis of marine debris modeling and observations: recent progress in	14:40-15:20	Current situation of marine litter around Japan
Dr. Peter S. ROSS, Vancouver Aquarium16:00-16:10A break16:10-16:50Global priorities and risk analysis in marine litterDr. Britta Denise Hardesty, Commonwealth Scientific and Industrial Research Organization (CSIRO)16:50-17:20Synthesis of marine debris modeling and observations: recent progress in		Dr. Keiichi UCHIDA, Tokyo University of Marine Science and Technology
16:00-16:10A break16:10-16:50Global priorities and risk analysis in marine litter Dr. Britta Denise Hardesty, Commonwealth Scientific and Industrial Research Organization (CSIRO)16:50-17:20Synthesis of marine debris modeling and observations: recent progress in	15:20-16:00	Plastics as a threat to ocean life in the Northeastern Pacific Ocean
16:10-16:50Global priorities and risk analysis in marine litterDr. Britta Denise Hardesty, Commonwealth Scientific and Industrial Research Organization (CSIRO)16:50-17:20Synthesis of marine debris modeling and observations: recent progress in		Dr. Peter S. ROSS, Vancouver Aquarium
Dr. Britta Denise Hardesty, Commonwealth Scientific and Industrial Research Organization (CSIRO) 16:50-17:20 Synthesis of marine debris modeling and observations: recent progress in	16:00-16:10	A break
Organization (CSIRO) 16:50-17:20 Synthesis of marine debris modeling and observations: recent progress in	16:10-16:50	Global priorities and risk analysis in marine litter
16:50-17:20 Synthesis of marine debris modeling and observations: recent progress in		Dr. Britta Denise Hardesty, Commonwealth Scientific and Industrial Research
		Organization (CSIRO)
understanding and applications	16:50-17:20	Synthesis of marine debris modeling and observations: recent progress in
		understanding and applications
Dr. Nikolai MAXIMENKO, University of Hawaii		Dr. Nikolai MAXIMENKO, University of Hawaii
17:20-18:00 Study on ocean microplastics pollution in Japan and its future perspective	17:20-18:00	Study on ocean microplastics pollution in Japan and its future perspective
Professor Atsuhiko ISOBE, Kyushu University		Professor Atsuhiko ISOBE, Kyushu University
