

LOI signed for mutual cooperation by Telangana state government, India and environmental companies in Kitakyushu City

Overview

Kitakyushu City and the State of Telangana, India are aiming to develop an “Indian version of Eco-Town” from FY2024, through the integration of decarbonization and resource-recycling industries utilizing the know-how and technology of the “Kitakyushu Eco-Town”. On April 20, 2025, a delegation from Telangana visited Kitakyushu City.

In the presence of the Mayor of Kitakyushu and the Chief Minister of Telangana, environmental companies in Kitakyushu City and the Telangana State Government signed a letter of interest regarding mutual cooperation to realize an Indian version of an Eco-town.

The City of Kitakyushu, the State of Telangana and environment companies in Kitakyushu will work together to accelerate efforts to realize an Indian version of Eco-town.
