

Hue City (Socialist Republic of Vietnam) and City of Shizuoka (Japan) Renewed Their Friendship City Partnership MOU—Explicitly Includes Exchanges in the Environmental Field.

Overview

On 4th September 2026, City of Shizuoka (Japan) and Hue City (Socialist Republic of Vietnam) have renewed their friendship city partnership MOU signed in 2005.

In the updated agreement, exchanges in the environmental field have also been newly established, taking into account the City-to-City Collaboration Project for Zero-Carbon Society started in 2024, in addition to exchanges in the fields of culture, tourism, human resources, and the economy based on initiatives to date such as the mutual exchange of youth and the hosting of trainees from Hue City.

Both Cities will proceed proactively with mutual beneficial cooperations based on the updated agreement.
