

City-to-City Collaboration between Gorontalo Province in Indonesia and Ehime Prefecture

- Academic exchange between Gorontalo State University and Ehime University began in 2007, and in 2016, a delegation from Gorontalo province visited Ehime prefecture and laid the foundation for cooperation between industry, academia and government.
- Gorontalo province requested Ehime prefecture to provide support for deriving solutions to environmental and social issues faced by Gorontalo province, based on the formulation of decarbonization policies.

City-to-City Collaboration between Gorontalo Province in Indonesia and Ehime Prefecture
