

# Support Project for the Achievement of SDGs and Developing a Sustainable Decarbonized Society: City-to-City Collaboration between Ehime Prefecture and Gorontalo Province

- Academic exchange between Gorontalo State University and Ehime University began in 2007, and in 2016, a delegation from Gorontalo province visited Ehime prefecture and laid the foundation for cooperation between industry, academia and government.
- Gorontalo province requested Ehime prefecture to provide support for deriving solutions to environmental and social issues faced by Gorontalo province, based on the formulation of decarbonization policies.

**Gorontalo province, Indonesia**

- Water pollution due to inadequate water and sewer infrastructure
- Fragile power infrastructure
- Deforestation due to slash-and-burn agriculture
- Establishment of CO2 reduction targets for each priority development sector

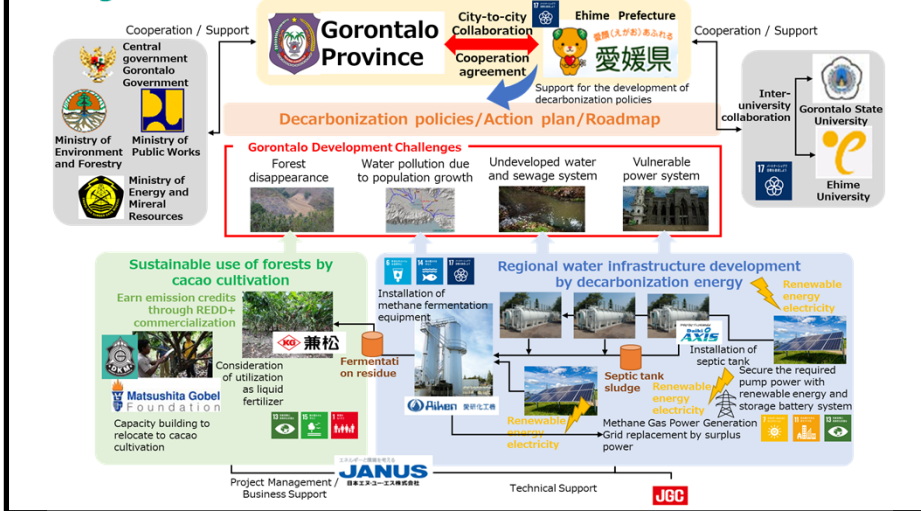

**Ehime prefecture**

- “Decarbonized society” with practically no GHG emissions by 2050
- Support for overseas expansion of companies in Ehime Prefecture
- SDGs Japan Model Declaration
- Advanced environmental technologies
