

City collaboration between Kuala Lumpur City Hall of Malaysia with Tokyo Metropolitan Gov./Saitama City

The Tokyo Metropolitan Government (TMG) and the Kuala Lumpur (KL) City Hall have been cooperating in the design of systems to promote green buildings since 2019. KL is aiming to realise carbon-neutral districts since 2022. TMG is supporting this, as is Saitama City and the private sector.

Kuala Lumpur City Hall - Malaysia

The city declared its goal of achieving carbon neutrality by 2050 ahead of many other countries. They also pursue the SDGs and digital transformation in their urban plans.

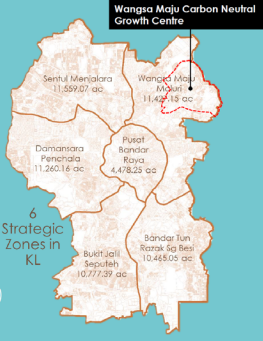

Tokyo Metropolitan Government

Promotes advanced initiatives for zero carbon in 2050 and halving it in 2030. Contributes to global decarbonisation through dissemination of policies, overseas exchange.

Saitama City Hall

Contribute to decarbonisation through the E-KIZUNA Project, a policy to promote electric vehicles, and with the experience in developing zero carbon districts in the Misono area, a leading example in Japan.

<p>IGES: Main coordinator</p>		

Activities for FY2022 :

- Kick-off ceremony: 1
- Int'l conferences: 4 (COP27, MOEJ's Zero Carbon Cities Int'l Forum, E-KIZUNA Global Summit, etc.)
- Project-related meetings: 3
- Trips: 1 to KL City Hall, 2 to Tokyo Metropolitan Government, 1 to Saitama City Hall
- Sharing with other cities in Asia: 1

Results for FY2022 :

- At least half of the 20 decarbonisation actions planned for the "Wangsa Maju Carbon Neutral Growth Centre" have been realised.
- Shared TMG's enhanced building system for reducing emissions by half.
- Discussions begin on technologies by companies in Saitama City that match the needs of KL City.
- KL and TMG receive the C40 Cities Bloomberg Philanthropies Award (in the 'Climate Movement' category) in October '22.
