Project title

Promotion of Carbon Neutrality based on Climate Change Policies in Ho Chi Minh City (HCMC) and Thu Duc City

Project objectives

The objective of this Project is to support policy formulation and efforts to implement the “HCMC Climate Change Action Plan (CCAP)” through policy dialogue, workshops and formulation of JCM projects.

Planned activities in FY2023

- Implementing policy dialogue and technical workshops
- Sharing know-how and promoting environmental education
- Support for expansion of JCM model projects to other areas
- Study on multi-benefits and DX utilization

Major achievements in FY2023 & previous years

- Seven JCM projects were adopted by MOEJ
- Organized policy dialogue, technical workshops, and JCM seminar
- Shared Osaka’s environmental education materials to HCMC

Policy Dialogue 27 Oct 2023

Technical Workshop 26 Oct 2023
