

The Blue Natural Capital Financing Facility supports the development of sound, investable BNC projects with clear ecosystem service benefits, based on multiple income streams and appropriate risk-return profiles.

The BNCFF is managed by IUCN and funded by the Government of the Grand Duchy of Luxembourg.

UBS Optimus
Foundation

The Blue Carbon Accelerator Fund (BCAF) supports blue carbon restoration and conservation projects in developing countries and helps pave the way for private sector finance.

The BCAF is funded by the Australian Government and is delivered in partnership with IUCN
