

Every year, the Comprehensive Health Checkup is conducted at designated medical institutions individually for all children aged 15 or younger and people aged 16 or older who reside outside the prefecture. Every year, residents aged 16 or older who reside within the prefecture can receive the Comprehensive Health Checkup by any of the following three methods:

1. Receive a Specific Health Checkup or a General Health Checkup conducted by a municipality, wherein the items specific to the Comprehensive Health Checkup are additionally checked
2. Receive a Group Health Checkup conducted by Fukushima Medical University
3. Individually receive the Comprehensive Health Checkup at any of the designated medical institutions in the prefecture

Prepared based on the website of the Radiation Medical Science Center for the Fukushima Health Management Survey, Fukushima Medical University (information on the Comprehensive Health Checkup schedule)

Children aged 15 or younger, whether residing in or outside Fukushima Prefecture, can receive pediatric health checkups at any of the designated medical institutions with cooperating pediatricians.

Residents aged 16 or older who reside in Fukushima Prefecture can select any of the following methods to receive a checkup: receive a Specific Health Checkup or a General Health Checkup conducted by a municipality, with additional check items specific to the Comprehensive Health Checkup; receive a Group Health Checkup conducted by Fukushima Medical University; or receive the Comprehensive Health Checkup individually at a designated medical institution in the prefecture.
