

Every year, the Comprehensive Health Checkup is conducted at designated medical institutions individually for all children aged 15 or younger and people aged 16 or older who reside outside the prefecture. Every year, residents aged 16 or older who reside within the prefecture can receive the Comprehensive Health Checkup by any of the following three methods:

1. Receive a Specific Health Checkup or a General Health Checkup conducted by a municipality, wherein the items specific to the Comprehensive Health Checkup are additionally checked
2. Receive a Group Health Checkup conducted by Fukushima Medical University
3. Individually receive the Comprehensive Health Checkup at any of the designated medical institutions in the prefecture

Prepared based on the website of the Radiation Medical Science Center for the Fukushima Health Management Survey, Fukushima Medical University (information on the Comprehensive Health Checkup)

Children aged 15 years or younger, regardless of whether residing inside or outside Fukushima Prefecture, can receive health checkups at any of the designated medical institutions with pediatricians.

People aged 16 years or older who reside in Fukushima Prefecture can select any of the following methods to receive checkups: the Specific Health Checkup or the General Health Checkup conducted by municipalities, with additional check items specific to the Comprehensive Health Checkup; the Group Health Checkup conducted by Fukushima Medical University; or the Comprehensive Health Checkup at designated medical institutions in the prefecture.
