# The Asia-Pacific Network on Climate Change - What's AP- Net??

- Established in the AP Seminar on Climate Change
- Functions as Information Clearing House
- E-learning for Climate Change Issues
- Type II Partnership Project in WSSD

# AP-Net REBORN in September 2004!!

The screenshot shows the AP-Net website homepage. At the top left is the AP-Net logo, which includes a globe icon and the text 'AP-Net'. To the right of the logo are links for 'Sitemap', 'Useful Links', and 'Contact Us'. Below the logo is a navigation bar with links for 'Home', 'Seminar on Climate Change', 'Climate Change Efforts', 'E-learning CDM', 'AP-Calendar', and 'Database'. The main banner features a blue sky with clouds and a sun, with the text 'Asia-Pacific Network on Climate Change'. Below the banner, there is a section titled 'What is AP-Net?' with a red arrow icon, followed by a bulleted list of four points. To the right of this section is a search box with a 'Go' button and a link to '[ How to search... ]'. Below the search box are logos for the 'Ministry of the Environment', 'OECC', and 'National Institute for Environmental Studies'. At the bottom right of the main content area are links for 'What is AP-Net?', 'Disclaimer / Site Policy', and 'Please Contact Us' with an envelope icon. The footer contains copyright information for 2004 AP-Net and the text 'POWERED BY OECC'.

## Asia-Pacific Network on Climate Change

### What is AP-Net ?

- A knowledge-based on-line clearing house for Asia-Pacific region on climate change issues
- Provides platform for policy dialogues and consultation within the region
- Provides access to latest information and data on climate change issues and developments focusing on the Asia-Pacific
- Supports capacity building for developing countries in the region

### AP-net Updates

- **21-24, September 2004**  
The 14th Asia-Pacific Seminar on Climate Change  
The meeting will be organized in Sydney, Australia, jointly by MOEJ, AGO and OECC.
- **3, September 2004**  
AP-Net Homepage renewed!

# What is new for the AP-Net REBORN? (1)

- Reunion of the AP-Net and the AP Seminar

# Media for AP-Seminar Preparation Process

The screenshot displays the AP-Net website interface. At the top, there is a navigation bar with links for 'Home', 'Seminar on Climate Change', 'Climate Change Efforts', 'E-leaning CDM', 'AP-Calendar', and 'Database'. Below this, a breadcrumb trail reads 'Home > Asia-Pacific Seminar on Climate Change / AP Seminar Archives > Fourteenth Asia-Pacific Seminar'. The main content area is titled 'AP Seminar Archives' and features a central box for 'The 14th Asia-Pacific Seminar on Climate Change -Driving Climate Efforts Forward-' held from '21-24 September, 2004 Sydney, Australia'. Two images are shown: the conference venue, Manly Pacific Sydney, and a view of Manly Beach. A 'CONTENTS' section lists six items: Background, Objectives, Organizers, Date and Venue, Participants, and Provisional Agenda. A blue callout bubble on the right states 'Preparation Documents Downloadable + Outcomes available'.

# What is new for the AP-Net REBORN? (2)

## Interlinkage of Different Networks

# Linkage with “Better Air Quality”(BAQ)

The screenshot shows the AP-Net website interface. At the top left is the AP-Net logo with a globe icon. To the right are links for Sitemap, Useful Links, and Contact Us. Below the logo is a navigation menu with items: Home, Seminar on Climate Change, Climate Change Efforts, E-learning CDM, AP-Calendar, and Database. The main content area features a breadcrumb trail: Home > Climate Change Efforts in the Asia-Pacific / International Meetings. A sidebar on the left is titled "Climate Change Efforts in the Asia-Pacific" and contains a list of links: International Meetings (highlighted), Domestic Efforts by the Countries, and Interantional Initiatives. The main article is titled "Better Air Quality (BAQ) in Agura, India" and describes a workshop in Manila in 2003 and an upcoming event in Agra, India, from December 6-8, 2004, hosted by MOEF and CAI-Asia. Below the text is a banner for "BAQ 2004 AGRA, INDIA 6-8 DECEMBER" featuring the Taj Mahal. At the bottom of the page, there is a "Please Contact Us" link and a "PAGE TOP" button. The footer contains copyright information for 2004 AP-Net and the text "POWERD BY OECC".

Collaboration with Air Quality Management People

# Possible Linkage with the following Initiatives

- ICLEI Cities for Climate Protection
- Network in Pacific Island Countries
- Introducing Domestic Efforts  
(AP-seminar-like information exchange  
through the AP Net)

**Any Idea for your New AP-Net??**

**We are open to your suggestion!**
