ENGAGEMENT & COORDINATION PROCESS IN INTENDED NATIONALLY DETERMINED CONTRIBUTION (INDC)

Dr. Medrilzam

Deputy Director for Forest Economy and Management
Office of Deputy Minister of Natural Resource and Environment Affairs
National Development Planning Agency (BAPPENAS)

Presented at the 24th Asia-Pacific Seminar on Climate Change on Indented Nationally
Determined Contributions (INDCs)
Bangkok, 29-30 June 2015

Preparation Status

Principles of Engagement in INDC process:

- Developing common need to review the RAN– GRK baseline and policies for each sector.
- Establishing a dedicated team for INDC recommended by the decision makers of the line agencies.
- Transparent process between line ministries.
- Creating dialogues through model development and policy scenarios.
- Knowledge development through a series of trainings and focus group discussions.
- Involvement of decision makers in a few of important milestones.

- Attenting international iNDC workshops
 & seminars
- ☐ Budget support from Indonesian Government and Development Partners

FGD with Line-Ministries & Modellers

FGD with Line-Ministries & Modellers

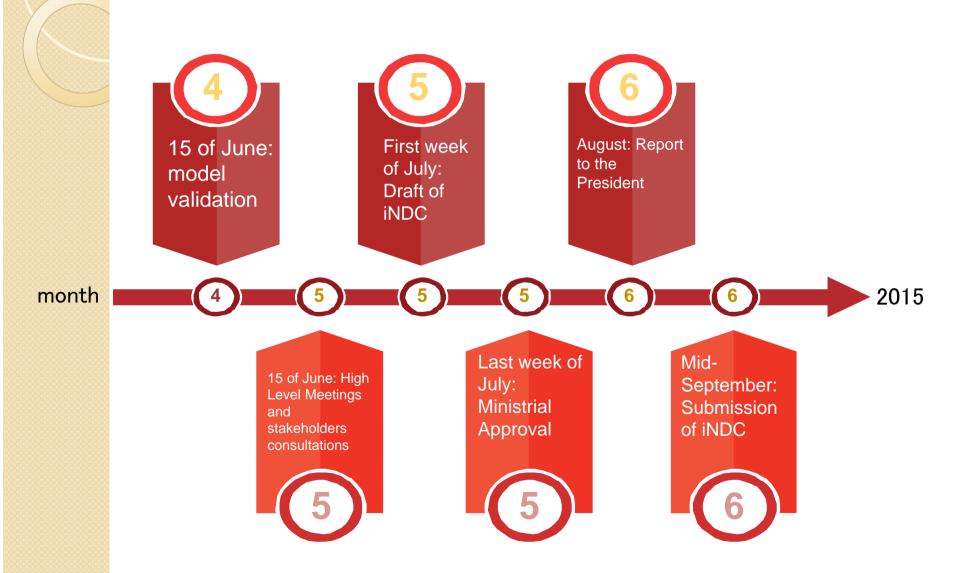

FGD with Line-Ministries & Modellers

FGD with CSO & Modellers

Next Agenda for iNDC Process:

Challenges:

- Time availability of dedicated staffs.
- Cynical views from persons or experts who are in favour to a specific methodology.
- Change of bureaucracy structure causing staff changes in the line ministries during the INDC process.
- Funding to support the engagement process.

Thank you for your attention
