

Table 2 State of PCB-containing Equipment in Use

Type of Equipment	Number of Business Entities Using PCB-containing Equipment	Amounts of PCB-containing Equipment in Use
High-voltage transformers	557	2,377 units
High-voltage capacitors	8,046	30,190 units
Low-voltage transformers	58	838 units
Low-voltage capacitors	277	41,505 units
Pole-mounted transformers	7	1,879,900 units
Ballasts	2,019	557,929 units
PCBs	17	76 kg
PCB-containing oil	14	18 kg
Other appliances	335	8,175 units

Note: PCB-containing oil was represented either in volume or weight, and the data in volume was converted to values in weight, by calculating one liter as one kilogram.
