Good practices to Facilitate of PIC Procedure

Hazardous Waste : List A Annex VIII

Good practices of PIC Procedure

Transboundary movement (TBM) with transit countries

law/regulation :

Notification of the Department of Industrial Works on the Criteria, methods, and conditions regarding notification, requesting permission, and issuing a transit permit for hazardous substances. (Nov, 2019) (Unofficial Translation)

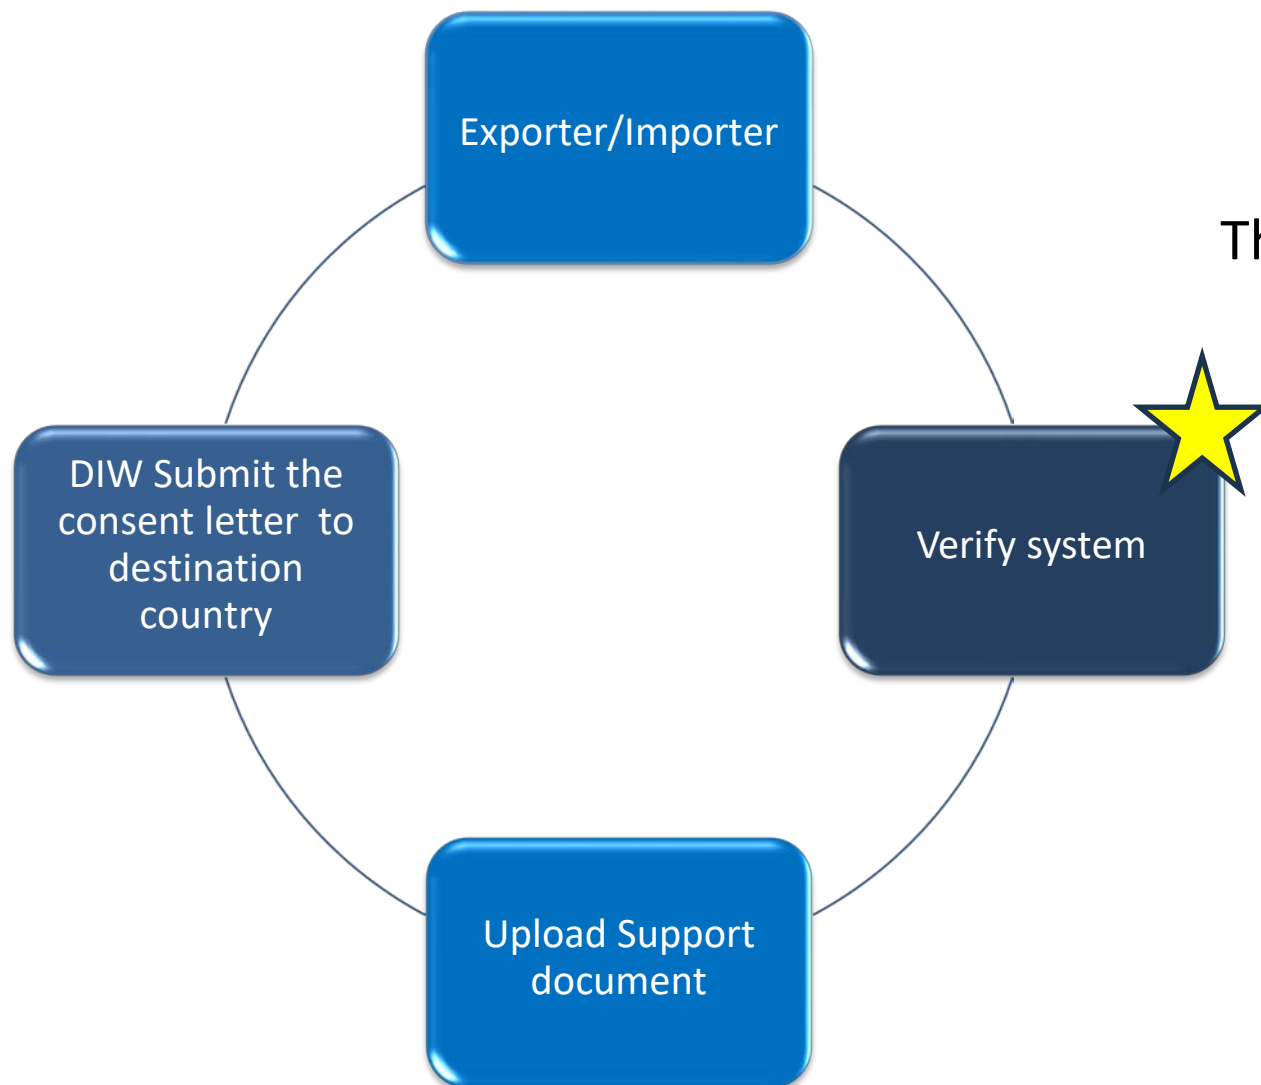

National definition of “transit” :

Bringing or sending hazardous materials through the Kingdom With the starting point and ending point of the transport are outside the Kingdom. Whether loading or unloading or changing vehicles or not, however, there must be no exploitation (or any behavior for commercial gain) Regarding such hazardous substances in the Kingdom.
