Annual Report on the Environment in FY 2010

Annual Report on a Sound Material-Cycle Society in FY 2010

Annual Report on Biodiversity in FY 2010

Part 1

Environment Report on Comprehensive Measures

Executive Summary	3
-------------------	---

Chapter 1 Sustainability and Quality of Life

Section 1 Trends in Sustainability and Quality of Life	6
1. The Origins of the Earth's Resources	6
2. Sustainability and Quality of Life in Our Daily Lives	8
3. Progress in International Awareness about Sustainability and Quality of Life	9
Section 2 Evaluation of Sustainability and Consideration of Quality of Life	13
1. The Current Status of the World's Sustainability	13
2. Japan's Sustainability and Quality of Life	23

3. Traditional Cuisine which Reflects the Geographical and Climate Background	36
4. Biological Genetic Resources used in Bio-Technology	38
5. Culture which reflects Natural Background	39

Section 2 Relationship between the Earth's Environment and Living Organisms	41
1. The Relationship between Organisms and the Earth	41
2. Loss of interaction between human and ecosystem	47

Section 3 Wisdom in Order to Take over the Earth to Future Generations	53
1. Wisdom in Our Everyday Life	53
2. Wisdom Within Regional Communities	56
3. Toward Sustainable Use of Biodiversity	58

Chapter 2 Healthy Interaction between Human and the Earth

Section 1 Benefits of Ecosystem Services on the Earth for Our Everyday Lives	34
1. Security in Everyday Life Provided by Biodiversity	35
2. Traditional Wooden Buildings Supported by Forest Resources	36

Chapter 3 Passing on the Life of the Earth to the Future

Section 1 The Results of COP10 and COP-MOP5, and Future Development	63
1. The Background of Holding COP10	63
2. Overview of COP10 and COP-MOP5	67

Section 2 Loss of Biodiversity Accelerating	78
1. The State of Loss of Biodiversity in the World	78
2. The State of Loss of Biodiversity in Japan	80
3. The Relationship between Biodiversity and Our Daily Lives	82
4. The Impacts that Japan has on the World's Biodiversity	84
Section 3 In Order to Stop Biodiversity loss	87
1. Direction of Measures throughout the World	87
2. The Current State and Direction of Measures in Japan	88
Section 4 Conversion to a Society and Economy That Take Biodiversity into Account	91
1. Public Awareness about Biodiversity	91
2. Efforts by Businesses	91
3. Efforts by Households	95

Chapter 4 Japan's Contribution towards Establishment of a Sustainable Society

Section 1 The Road to Sustainable Society	97
1. Actions for Establishment of a Sustainable Society: Global Trends in Green Growth	97
2. Growth through Green Innovation and Environmental Policies	101
3. Funding and Environmental Finance to Support	

Technologies that Contribute to Creation of a Sustainable Society	105
4. Education: the Foundation of the Wisdom that Contributes to Development of a Sustainable Society	108

Section 2 Building a Sound Material-Cycle Society in the World through Venous Industries	111
1. Future Projections of the World's Waste	111
2. State of the World's Waste and Recycling	113
3. Expanding Japan's Waste and Recycling Industries into the World	118

Section 3 Japan's Efforts for Realizations of a Low-Carbon Society	128
1. International Actions and Japan's Response for Realization of a Low-Carbon Society	128
2. Japan's Domestic and International Efforts towards a Low-Carbon Society	130

Chapter 5 Toward Recovery from the Great East Japan Earthquake

1. Handling Environmental Problems Caused by the Earthquake	150
2. Efforts to Deal with the Tight Balance between Electricity Supply and Demand	153
3. Toward Achieving a Sustainable Society through Recovery from the Earthquake	154

Part2 Report on Each Sector's Measures

Chapter 1 Establishment of a Low Carbon Society	157
Chapter 2 Conservation of the Atmospheric Environment, the water Environment, and the Soil Environment	159
Chapter 3 Building a Sound Material-Cycle Society	163
Chapter 4 Assessing and Managing the Environmental Risk of chemical Substances	172

Chapter 5 Conservation of Biodiversity and Its Sustainable Use	175
Chapter 6 Basics for Various Policies, and Measures Related to the Participation of Various Entities and International Cooperation	180
