

TABLE OF CONTENTS

1

“MARKET”

— 03

THE ENVIRONMENT AND BUSINESS

- 1** The Direction of Japan's Global Warming Countermeasures — 04
- 2** Green Consumption for a Sustainable Society — 05
- 3** Science and Technology, Innovation, and Startup Support Necessary for Transitioning to a Sustainable Society — 06

2

“GOVERNMENT”

— 08

ACTIONS TOWARD INTEGRATING THE CIRCULAR ECONOMY, NATURE-POSITIVE, AND NET-ZERO GHG EMISSIONS

- 1** Circular Economy — 09
- 2** Nature-Positive — 12
- 3** Net-Zero GHG Emissions (Net-Zero) — 13

3

“CITIZENS”

— 15

PRACTICING AND IMPLEMENTING INTEGRATED IMPROVEMENTS ON ENVIRONMENT, ECONOMY AND SOCIETY IN LOCAL COMMUNITIES AND LIFESTYLES

- 1** Practice and Implementation of the Circular and Ecological Economy — 16
- 2** Lifestyle Shift — 18
- 3** Protecting Human Life and the Environment — 20

4

RECONSTRUCTION AND REVITALIZATION FROM THE GREAT EAST JAPAN EARTHQUAKE

— 22

- 1** Status of Environmental Restoration from Radioactive Contamination — 23
- 2** Efforts Aimed at the Environmental Regeneration of the Affected Areas — 23
- 3** Efforts Toward the Final Disposal of Removed Soil and Waste Generated Within Fukushima Prefecture — 24
- 4** Monitoring of Sea Areas Related to ALPS Treated Water — 25

ADDITIONAL MATERIALS

- Decarbonized Society — 26
- Biodiversity — 28
- Sound Material-Cycle Society — 30
- Atmospheric and Water Environments — 32
- Chemical Substances — 34
