

The Third Meeting of the Regional EST Forum in Asia

Ministry of the Environment, Japan and United Nations Centre for Regional Development (UNCRD) will jointly organize the Third Meeting of the Regional EST (Environmentally Sustainable Transport) Forum in Asia on 17-19 March 2008 in Singapore, in partnership with the local agencies.

The Regional EST Forum in Asia, organized by the Government of Japan together with UNCRD, is a high-level policy dialogue among governments in Asian nations with the objection of achieving Environmentally Sustainable Transport (EST) in the region.

Ministry of the Environment, Japan in cooperation with related organizations, will continue to support activities towards the achievement of EST with a focus on the Asian region.

Date:

March 17-19, 2008

Place:

Singapore, Republic of Singapore

Organizers:

Ministry of the Environment, Japan

United Nations Centre for Regional Development (UNCRD)

Participants:

High-level government representatives from Asian nations

Academic experts in transportation and environment fields

Representatives from international organizations

*Outline of program, coverage procedure, and other detailed information will be made available as soon as they are finalized.
