

A detailed topographic map showing a mountainous region. The map is covered with numerous contour lines, indicating varying elevations. A large, irregular polygon is outlined in a thick black line, spanning across the left and center of the map. This polygon has several vertices, some of which are marked with small circles containing numbers. One such vertex is labeled '1'. The map also features several place names in Chinese characters, including '水海山' (Shuihai Mountain) and 'NO.34'. Numerous numerical values are scattered across the map, likely representing specific elevation points or coordinates. The overall terrain appears to be rugged and hilly.
