

Company Information Sheet

Company overview	
(1) Company name	Kyoritsu Co., Ltd.
(2) Business summary	<p>Kyoritsu aims to help establish a recycling-based society, through the development and manufacture of environmental equipment (sorting machines, dewatering machines, and dryers). Using over 55 years of experience in high-pressure/vacuum and centrifugal technology, we propose and implement systems that efficiently reuse waste materials through recycling and conversion to useful resources and energy. Utilizing our strong development capabilities and customization skills, we develop various types of equipment and systems to meet the constantly changing needs of our customers. We plan to build a new plant in South East Asia aimed at mass-production and cost reduction through localization of our manufacturing base.</p> <p>Our equipment facilitates efficient reuse of waste as useful resources and reduction of treatment costs, greatly contributing to environmental conservation activities, and thereby playing a major role in environmental activities.</p>
(3) Main products and services related to venous industry	<p>Environment Division: Sorting machines, dewatering machines, dryers, and carbonization equipment</p> <p>Vacuum System Division: Sublimation and purification equipment, optical multi-layer deposition equipment, and powder sputtering equipment</p>
(4) Contact information	<p>Environment Division, Kyoritsu Co., Ltd. Nakai/Fujiwara</p> <p>URL: www.kyo-ri-tsu.com</p>
(5) Address of head office	<p>Address: 5-4-30 Nishi-hashimoto, Midori-ku, Sagamihara-shi, Kanagawa-ken 252-0131 Japan</p> <p>TEL: +81-42-770-9407</p> <p>FAX: +81-42-770-9408</p> <p>URL: www.kyo-ri-tsu.com</p>
