PROFESSIONAL, EFFECTIVE, LEGALLY CORRECT AND SATISFY OUR CUSTOMERS
IN ORDER TO GAIN MAJOR MARKET SHARE FOR URENCO 11 BRAND NAME

Operational structure

INDUSTRIAL AND URBAN ENVIRONMENT JOINT STOCK COMPANY NO 11- URENCO 11

Equipment and facility capacity

- Waste transportation vehicles: 35
- Excavator: 02
- Bulldozers: 02
- Other collection transportation:
Container, small collection cart, composite waste box

INDUSTRIAL AND URBAN ENVIRONMENT JOINT STOCK COMPANY NO 11- URENCO 11

Waste transportation truck

- Transporting solid waste by specified rolling and compiling vehicles, vehicles with separate container, lifting and lowering systems, carrying capacity from 6 m^3 to 24 m^3

INDUSTRIAL AND URBAN ENVIRONMENT JOINT STOCK COMPANY NO 11- URENCO 11

Waste transportation truck

- Transporting liquid waste with specified vacuum pump and tube

INDUSTRIAL AND URBAN ENVIRONMENT JOINT STOCK COMPANY NO 11- URENCO 11

Available waste treatment facilities

**General waste
(200 ton/day)**

Landfill No 1 and 2

Biological lake

Water treatment plant

Detention lake

**Industrial/medical waste
(150 ton/day)**

Intermediate treatment factory 1,
2 and 3

Industrial and medical waste
incinerator

Liquid waste treatment

Solidification

INDUSTRIAL AND URBAN ENVIRONMENT JOINT STOCK COMPANY NO 11- URENCO 11

Available waste treatment facilities

*Industrial/medical waste
(150 ton/day)*

Hazardous waste container and packaging cleaning system

Treatment system for battery and cell dismantling

Treatment system for cleansing metal scraps contaminating hazardous elements

Solvent distillation system

Dismantling and sorting electronic waste

RPF production plant from plastic and nylon waste and paper sludge..

Treatment system for waste fluorescent lights

INDUSTRIAL AND URBAN ENVIRONMENT JOINT STOCK COMPANY NO 11- URENCO 11

Available waste treatment facilities

Hygiene landfill sites

Total area: 4 ha
Capacity: 200 ton/day

INDUSTRIAL AND URBAN ENVIRONMENT JOINT STOCK COMPANY NO 11- URENCO 11

Available waste treatment facilities

Waste water treatment

Capacity: 50 m³/day night
Ensure treatment of waste
water from landfill sites and
other treatment facilities

INDUSTRIAL AND URBAN ENVIRONMENT JOINT STOCK COMPANY NO 11- URENCO 11

Available waste treatment facilities

Total area: 4.360 m²
Waste sorting, intermediate treatment
of industrial waste before the main
treatment

Intermediate treatment factory 1,
2 and 3

INDUSTRIAL AND URBAN ENVIRONMENT JOINT STOCK COMPANY NO 11- URENCO 11

Available waste treatment facilities

Industrial & medical incinerator

Model: URL-1000
Treatment of medical and industrial waste with high calorific value
Capacity: 420 kg/hour
Total area: 840 m²

INDUSTRIAL AND URBAN ENVIRONMENT JOINT STOCK COMPANY NO 11- URENCO II

Available waste treatment facilities

Liquid waste treatment station for 5 modules:
liquid waste of acid, alkali, salt, oil types and
final treatment

Capacity: 1,5 m³ /hour

Total area: 1.000 m²

Liquid waste treatment

INDUSTRIAL AND URBAN ENVIRONMENT JOINT STOCK COMPANY NO 11- URENCO 11

Available waste treatment facilities

Synchronous treatment systems mixing solidification additive with waste mud and sludge to make block brick

Capacity: 3.000 kg/hour

Total area: 840 m²

Solidification

INDUSTRIAL AND URBAN ENVIRONMENT JOINT STOCK COMPANY NO 11- URENCO 11

Available waste treatment facilities

Capacity: 160 kg/ hour
Total area: 30 m²

Hazardous waste
container and packaging
cleaning system

INDUSTRIAL AND URBAN ENVIRONMENT JOINT STOCK COMPANY NO 11- URENCO 11

Available waste treatment facilities

Capacity: 450 kg/ hour
Total area: 30 m²

Treatment system for
cleansing metal scraps
contaminating hazardous
elements

INDUSTRIAL AND URBAN ENVIRONMENT JOINT STOCK COMPANY NO 11- URENCO 11

Available waste treatment facilities

Capacity: 100 kg/ hour
Total area: 30 m²

Dismantling and
sorting electronic
waste

INDUSTRIAL AND URBAN ENVIRONMENT JOINT STOCK COMPANY NO 11- URENCO 11

Available waste treatment facilities

Capacity: 10 kg/ hour
Total area: 20 m²

Treatment system for
waste fluorescent
lights

INDUSTRIAL AND URBAN ENVIRONMENT JOINT STOCK COMPANY NO 11- URENCO 11

Available waste treatment facilities

Capacity: 150 kg/ hour
Total area: 20 m²

Treatment system for
battery and cell
dismantling

INDUSTRIAL AND URBAN ENVIRONMENT JOINT STOCK COMPANY NO 11- URENCO 11

Available waste treatment facilities

Capacity: 150 kg/ hour
Total area: 20 m²

Solvent distillation
system

INDUSTRIAL AND URBAN ENVIRONMENT JOINT STOCK COMPANY NO 11- URENCO 11

Available waste treatment facilities

- RPF production plant from plastic and nylon waste and paper sludge..
- Capacity: 2.500 kg/ hour
- Total area: 500 m²

RPF production plant

INDUSTRIAL AND URBAN ENVIRONMENT JOINT STOCK COMPANY NO 11- URENCO 11

Built facilities and will soon start operation

***EXTENDED TREATMENT AREA FOR
TREATMENT OF INDUSTRIAL AND
MEDICAL WASTE***

Solidification plant No 2

Liquid waste treatment No 2

Industrial, Medical and Household
waste incinerator No 2
